THE ADA EVENING NEWS

In the Heart of the Bountiful Southwest

VOL. XVIII. NUMBER 44 ADA, OKLAHOMA, WEDNESDAY, MAY 4, 1921 EIGHT PAGES FIVE CENTS THE COPY

MAYOR WOULD PRESERVE PATH

Enjoins Railroad Company to Halt Work on Industry.

The legal proceedings recently brought by the mayor of Ada, injoining the M., K. & T. railway company and the Sutherland Lumber company from closing up a driveway which has been used by the public for several years on the private property of the Katy, was the main subject discussed at the meeting of the Chamber of Commerce board of directors last night.

The meeting was held at the mayor's office at the city hall and was attended by ten members of the Chamber of Commerce board of directors and Mayor Kitchens.

It appears that conflict started between the mayor and the Katy company when that company leased a portion of its right of way lying adjacent to, and just west of, its main track, between Main and Twelfth, to the Hale-Halsell company and the Sutherland Lumber company, last week.

The Hale-Halsell company leased the north half of the right of way and announced that they would begin the work of building a wholesale house there, as soon as material could be assembled, while the Sutherland Lumber company leased the south half of the right of way and has already set a line of posts across their property, preparatory to the erection of a large rig timber yard to supply rig timber for the Ada oil field.

Citizens of Ada have used a portion of the leased land for several years as a passage way from Main street to Twelfth, and it appears that the Katy company, through courtesy, has never objected to the practice. The citizens custom of so using the company's property has resulted in a path being formed from Main to Twelfth and this path is still used by a great number of persons who find it most convenient way to get from one street to the other at that place.

The mayor in the injunction proceedings, which were filed the latter part of last week, would prohibit the Sutherland company and the Katy from closing up this passage way and gives as his reasons that the passage way is so well established and has been used by so many people for such a long period of time that the owners of the private property have no right to close it up, and he insists that the Katy leave open to the public at least 20 feet on the west edge of their property.

The members of the Chamber of Commerce board of directors could not agree with the mayor that the city had a right to demand that the railroad company give up its private property to accommodate citizens of Ada without first condemning the property and going about the matter in the ordinary manner, and they questioned the wisdom of throttling needed industries for the mere convenience of a portion of Ada's citizenry.

The mayor insisted that he was within his rights and insisted that the proceedings stand. A committee composed of Messrs. Pegg, Simpson and Gowing was appointed by the chairman of the board to accompany the mayor and represent the Chamber of Commerce at a conference with Z. T. Hopkins of St. Louis, assistant to the chief operating officer of the M., K. & T. and S. A. Johnson of Parsons, Kans., general manager of the company, which was to have been held here today. The meeting was postponed until tomorrow, however, when it became known today that the railroad officials will not be here until tomorrow. Mayor Kitchens announced that he thought the difficulty could be adjusted at the meeting with the officials.

EXPRESS COMPANY WILL LOWER WAGES JUNE 1.

(By the Associated Press.)

NEW YORK, May 4.—The American Railway Express company announced here today it had notified its eighty thousand employes that it had contemplated a revision in wages effective June 1.

TRY TO LOCATE A POT OF GOLD

Bergdoll Told Lawyer He Hid One in Maryland Mountains.

(By the Associated Press)

WASHINTON, May 4.—Samuel T. Ansell, former acting judge advocate general of the army, who as council for Grover Cleveland Bergdoll, escaped Philadelphia draft dodger, was instrumental in obtaining Bergdoll's release under guard from Fort Jay, New York, to search for a "pot of gold," was subjected to further cross examination today before a house investigating committee.

Doubt as to where the pot of gold was hidden was cleared up to some extent and by Ansell's, explanation mountaineers of West Virginia might as well give up the search. Bergdoll it was said told his lawyers it was somewhere in the mountains of Maryland. Its location was not revealed, beyond the word of the "dodger," that it was "out from Hagerstown."

John H. Sherburne of Boston, counsel for the committee knows about where Bergdoll says it was hidden, but there was not intimation that the location would be made public, to become a mecca for treasure hunters.

GERMAN CABINET MEETING TODAY

American Note Said to Have Disturbed the German Leaders.

(By the Associated Press)

BERLIN, May 4.—The German cabinet met this forenoon in anticipation of discussing developments at London. A meeting was held yesterday but no action was taken relative to the reparation problem. Just how long the Fehrenbach cabinet will continue in office is believed to depend upon the nature of the ultimatum being sent to Berlin by the allies and the attitude adopted by the Reichstag. The parlimentary situation had not been wholly clarified last night.

While the Berlin government was not prepared for the answer contained in the American state department's reply to foreign minister Simons, the foreign minister and his colleagues in the cabinet had hoped that secretary Hughes' answer would be a trifle more precise in the American interpretation in a clear, definite and adequate proposal.

To this extent the American answer left the cabinet in a confused state of mind, it was stated.

Yesterday cabinet meetings devoted four hours to informal consideration of the American reply and the report coming in from the London conference. Speaking unofficially for the government, a cabinet officer later stated the reply had left the cabinet in a quandary.

"We are not clear in our own minds just what the United States means in connection with its suggestions that we make direct proposals," the government spokesman declared. "For instance it is obviously difficult for us to make clear and definite proposals because for one thing we are dependent upon a multitude of economy factors which we do not control. This is one of the reasons why we suggested the installation of a commission of experts to pass on our productive capacity."

The International Correspondence school display and exhibition of the courses and work which they offer that is being shown this week in the show window of the Globe store is attracting many interested people. A couple of diplomas given to Fred Ford of this city by that school is also on display. Letters of the value of the work and its merits are also submitted by enthusiastic students.

TO THE CHURCH PEOPLE

The News was very much humiliated Saturday evening, and should have apologized to Presbyterians and some others sooner, because of the fact that announcements of Sunday services were omitted from the regular church column which runs in the News every Saturday.

For some time our "make-up" man has been an itinerent printer whom we have been trying to replace, and whom we have at last succeeded in replacing, and it was he who was responsible for the blunder simply because he was too lazy and trifling to do a little extra adjusting of the forms to get the items in where they belonged.

We regret to discommode anyone, and worse than all do we regret having disappointed at least two church pastors and their congregations. It is too late now to repair the damage, of course, but we did take some satisfaction in tieing a "can" to the gentleman in question for his negligence and sending him on his way, where and whilst he will probably have time to mediate over the necessity of doing things right if he expects to hold down a situation in a first class newspaper office.

HE WHO MAY-WALKS MAY RUN

JURY DISAGREES IN BOND THEFT CASE

Youthful Defendant Said He Couldn't Resist Temptation to Steal.

(By the Associated Press)

CHICAGO, May 4.—The jury in the case of William Dalton, 16 year old bank clerk, who stole $772,000.00 worth of liberty bonds from the Northern Trust Campany, recently, disagreed and was discharged, today, after it had deliberated for nearly 24 hours. About half the jurors were understood to have been in favor of acquitting the self-confessed boy bond thief, while the other half favored conviction.

The state immediately made the customary motion for a new trial and Judge Charles A McDonald announced that he would set the date later.

Dalton's theft was one of the largest bond robberies on record and attracted much attention because of the ease with which the youthful bandit carried out his escapade.

At his trial Dalton said that he was "surrounded by bonds and couldn't resist the temptation to steal, because it was so easy."

HOLD CONFERENCE ON WAGE CONTROVERSY

(By the Associated Press.)

WASHINGTON, May 4.—Representatives of American steamship lines and the shipping board were in conference today with Secretary Davis and Hoover in a further effort to reach some common ground for a settlement of the controversy with the marine workers over wages and working conditions. Before the meeting began at Mr. Davis' office, the labor secretary conferred with the representatives of the Unions.

BURGLARS USE PICKS AND AXES IN BANK BREAK

(By the Associated Press)

BERNICE, Okla., May 4.—Burglars using picks and axes sometime last night tore away the door of the vault in the First National Bank here, escaped with not more than $200.00 in money, according to an announcement made today by E. C. Ferguson, cashier.

Entrance to the bank was gained by breaking down a rear door and access to the vault was made possible when the burglars smashed the masonary about the steel door.

An attempt to open the safe inside the vault failed.

Last night's robbery is the third the bank has sustained in six years.

Last Minute Telegraph

Big Hereford Sale Held

OKMULGEE, May 4.—Attended by stockmen from Oklahoma, Texas and Kansas, the third annual pure bred Hereford cattle sale was held today by Harry Hart at the Bald Hill Hereford ranch. The sale was conducted by I. J. McClure of Oklahoma City, secretary of the Hereford association of Oklahoma.

Murders, Then Suicides

NASHVILLE Tenn., May 4.—John H. Reeves, retired manufacturer and one of the most prominent citizens of Nashville, was shot in the breast and seriously wounded just before noon today in the Hermitage Club, By James A Grundy, well known salesman, who then turned the revovler on himself and committed suicide.

Big Grain Company Fails

SPRINGFIELD, Ill., May 4.—Failure of the Conover Grain Company of Springfield, in the amount of approximately one million dollars, was admitted by bankers in Springfield today. The loss, the banks announced, was entirely covered by collateral and an effort is being made by the Conover Company to save stockholders from loss.

Ship Survivors in Hospital

SEATTLE, Wash., May 4.—Forty-three of the sixty-five survivors of the Japanese freighter, Tokyo-Maru, which burned to the waters edge yesterday off the Oregon coast with a loss of eight lives, were in Seattle hospitals today suffering from shock and exposure. The remaining 22 survivors reported themselves already recovered from their experiences. Only one body of the eight dead has been recovered.

MICKIE SAYS—

Tonight and Thursday probably unsettled. Warmer Thursday.

NO DISARMAMENT ARRANGEMENT YET

Congress Takes Action In Line With President Harding's Views.

(By the Associated Press)

WASHINGTON, May 4.—Proposals for international disarmament are to be delayed for the present in the house, under a decision understood to have been reached today by republican house leaders. This is said to square with the desire of President Harding not to have the disarmament question agitated in congress, in the present state of international relations. Various suggestions for a disarmament declaration, either in the naval bill or as a separate measure, have been put forward in the house and senate and their sponsors are expected to receive no help in urging immediate action.

Mr. Harding is said to have told all inquirers that although the present administration was pledged to reduction of armament, he does not consider the present time opportune. He is understood to have indicated that he had in mind some steps looking toward an international conference on disarmament, at the proper time.

POLES OCCUPY UPPER SILICIA

(By the Associated Press)

OPPEIN, Upper Silesia, May 4.—Organized Polish forces estimated at tweny thousand, have occupied all of Upper Silesia south of a line running from Kosel to Tarnowitz, with the exception of a few large towns and are moving northward, according to information supplied by a member of the inter-allied representation here.

ENGINEER KILLED AND FIREMAN IS HURT IN WRECK

(By the Associated Press)

TULSA, May 4.—Engineer William Randall was killed and fireman Garrett was probably fatally scalded early today when the engine of a Frisco freight train Number 44 went in a ditch at Ogeechee, five miles south of Monett, Missouri, The train was making its daily run from Afton, Oklahoma, to Monett when the accident happened. Only meager reports were made to local offices of the Frico and the superintendent's office at Sapulpa was unable to give much data aboue the victims or reason for the wreck.

You will save money by reading the ads.

OIL WELL WILL STAND AS IT IS; OWNERS OPTOMISTIC OVER FIELD

There Is No Need For Anybody to Feel Blue Over the Condition of the Carter-Nance-Laselle Well Say the Owners—Showing Is Good and Development Will Proceed in New Field With Unabated Vigor.

Since last evening speculation as to the real status of the Carter-Nance-Laselle well in section 32-5-5 has run rife, and the people have been subjected to every conceivable kind of report.

While it is true that many of the oil men and their scouts are leaving the city today, and the town has quieted down to normal, there is no real need for alarm because the well did not develop into a gusher of several thousand barrels. In fact no sane person who is familiar with the situation has ever believed that such a well had been found, but it is true that hopes had been high for several days and a bigger well than actually exists had been hoped for.

The Carter-Lowry-Laselle interests, present owners of the well, were interviewed by a News reporter at noon today, Mr. H. N Lane acting for the syndicate. Among other things Mr. Lane said:

"We set our casing to the bottom of the hole last evening and shut off the gas and oil. As the well stands it is good for fifty or sixty barrels, and what we expect to do, and are doing today, in fact is to back up the casing and start the well to producing whatever it will make."

Nobody knows just how deep the sand is at the well, and when asked why it was not drilled through Mr. Lane said: "This is our first well, and very naturally we could not afford to take the chance of drilling it further. As it is it will bring the company around forty-five hundred dollars per month as a producer, and we would be very foolish to take a chance on losing this income until we have other wells drilled in the field.

"We might drill the well deeper and bring in a thousand barrel gusher, then, again, we might bring in salt water, be unable to plug it off and thereby ruin the well and give the field a black eye.

"We can't afford to experiment until we get more than one well in the field, and it is our intention to have at least six wells drilling within as many weeks.

"We have everything out there that we ever had," said Mr. Lane, "and we can see no reason for Ada people or anybody else to feel blue. We re the people who have spent the money, and are very naturally the ones to feel blue if anything was wrong, but we are still as optimistic as ever and have never had a blue moment."

It would seem, therefore, that it is the populace in general that is unduly alarmed over the conditions that prevail in the field and not the people who have their all at stake, and who would be the heavy losers if the field were to prove a failure.

It is folly to believe that the owners of the well would go ahead buying leases wherever they can, and continue operations with unabated vigor, if they did not have unlimited confidence in the field and did not intend to continue drill ing more wells.

The most emphatic evidence of good faith on the part of the promoters of the new well is the fact that the Lowry people, who are already heavily involved, completed their deal for the Hatcher lease which was sold at court auction several days ago. The price paid was $70,500, and since the sale the papers have been in escrow at the Oklahoma State Bank. The syndicate's attorney passed the title at eleven o'clock this morning, and within thirty minutes they had paid over the money and taken down the papers.

It is believed by some that the present well is located on the edge of the pool, and that a big well will be in prospect for future drilling. It is certain that development will proceed however, not only by the owners of the well in question, but by companies owning other leases.

It seems worse than foolish for the people to become discouraged at this stage of the game and pretend that the field is a failure. As a matter of fact procpecting has just commenced in dead earnest, and time alone will tell what is in store for those who do not scare at the first sign of disappointment.

MURDER CASE IS UNDER HEADWAY

May Be Placed in Hands of Jury by Noon Tomorrow.

The trial of B. F. Marshall, charged with the murder of P. G. (Gus) Nebhut, got under headway in the district court here this morning at 10:30, when the ninetieth man examined qualified as a juror and completed the jury for the trial of the case.

FINAL WORD OF THE ALLIES NEAR

Reparation Commission in Berlin to Receive Allied Uutimatum.

(By the Associated Press)

LONDON, May 4.—Members of the allied reparation commission were in the city today to receive from the supreme allied council the ultimatum to be sent to Germany, which was considered to be the final word of the allies on the reparation question. Immediate dispatch of the document to Berlin was expected.

The supreme council reached an agreement yesterday regarding the details of the ultimatum and the drafting committee was busy until late last night in completing the document which was ready for presentation at today's meeting of the council.

An invitation has been sent to Washington inviting the United States government to appoint a representative who will act as a member of the supreme council. The United States also is requested to name delegates to the reparations commission and the council of ambassadors. This was probably the most useful piece of work done at yesterday's session of the supreme council, said the Daily News this morning.

Reports that new government propositions relative to the reparation question had been received, which were current in this city last night, were denied this morning by the French minister of liberated regions and one of the principle figures in the French delegation attending the meeting of the supreme allied council.

"Arrival of Kitty" Friday Evening at Normal Auditorium

The greatest local talent play of the season promises to be that of the Junior class of the Normal who, after more than two months of practice on a play, "The Arrival of Kitty," that was played at the West End Theater in New York City for two years with great success, are now prepared to give the best showing possible.

No efforts have been spared in the making this the best and most noted hit of the season, locally, and the nine characters, all of whom are starring in this play, are the best that could have been selected for the parts. Miss Eloise Adams has charge with the instructing of the play and as she has had much experience in this line and has put the play on once before, there is no doubt but that it will be the best.

The play will be given Friday afternoon and evening of this week, matinee in the afternoon and the final showing Friday night, beginning at 8 o'clock. Tickets are now on sale at the Gwin & Mays Drug store and those who want desirable seats should get them early.

And now the women want "simpler and more liberal divorce laws." When one checks over the record of divorce decrees in Oklahoma he wonders how the process of getting united could be made any simpler or why anyone should want it more liberal.

THE LATEST GAG

Correcting His English.

Small Son—"I seen that Tommy Jones today, mother, and I bammed the little boob on the dome."

His Mother—"What terrible English, Everett! You should say I SAW Tommy Jones today and bammed the little boob on the dome."

HE'D BE BABE RUTH OF NATIONAL LEAGUE

George Kelly completing one of his home run swings and stretched out after a high throw at first base.

George Kelly, young elongated first baseman of the New York Giants, seeks to become the Babe Ruth of the National league batters. Right in Babe's home town Kelly is keeping abreast of the Big Bambino in the matter of swatting the ball over the fence. Kelly collected four home runs in the first nine games the Giants played, which is a fair pace for any home run artist. Elmer Smith of the Indians and Bob Meusel, teammate of Babe's are giving Ruth a run for the homer honors in the American league.

State News

CLINTON—Masons of Clinton propose to erect a $125,000 temple here.

DUNCAN—Paving to cost approximately $650,000 will be laid in Duncan within next twelve months. Contracts for this paving have already been let.

CUSTER—A movement is under way here to secure an interurban line between Clinton and Woodward. The proposed line would pass through Putnam and Taloga.

OKLAHOMA CITY—The Mexican government is soon to establish a consulate here, accord to announcement made at Mexico City. The consul has not yet been named.

PONCA CITY—The Kay county Free Fair will be held here during the week of September 12. Ponca City outbid Blackwell and Newkirk to secure the fair.

SHAWNEE.—The Asher bridge spanning a branch of the Canadian river will be dedicated with appropriate exercises May 6. The bridge is an important link in the Shawnee-Ada road.

CHICKASHA—Watermelon growers of Grady county will meet at Rush Springs May 7 to discuss crop and marketing conditions. The meeting was colled by County Agent A. F. Houston.

BARTLESVILLE — Actual construction of the concret highway between Barlesville and Ramona was to start this week. The roadway is to be constructed of concrete. It is 7 miles long.

OKLAHOMA CITY—Fishermen attention! State Game and Fish Warden Ben Watt has issued two books, "Where to Fish" and "Where to Fish for the Variety Your Palate Chooses," which you'll find interesting. All state fish regulations were removed May 1.

OKLAHOMA CITY — Salvation army officers of the southwest division will meet here in annual conference, May 4 to 7. This division includes the states of Oklahoma, Texas, Louisiana and Arkansas. Five hundred are expected to attend the conference.

OKLAHOMA CITY—Aerial police squads are coming into vogue in Oklahoma cities and towns. At least a dozen cities now have such a department. Members of the force are generally commercial aviators who serve when the emergency arises. Among those who have "air police" are Oklahoma City, Muskogee and Tulsa.

CHEYENNE—Eva Hewitt and "Jack" Duff, charged with complicity in the robbery of a general store here, were to be arraigned in district court here today. Their companions-in-crime, Will Tait and Olso Gobin, are now imprisoned in the state penitentiary awaiting execution for the murder of Russell Sprague, Lawton taxi driver. The quartet were arrested near Perryton, Tex., early in April.

DUNCAN—Residents of Duncan will go to the polls May 5 to pass on a proposal to issue $800,000 in bonds for public improvements. The improvements contemplated include water, light and sewer extensions.

TECUMSEH.—Suit to recover $12000 for the bank guaranty fund filed by the state, against J. F. Buck of Shawnee, will be heard here soon. The suit is an outgrowth of the failure of the Security State Bank of Shawnee.

TULSA—The Confederate Veterans, the sons of Confederate Veterans and United Daughters of the Confederacy will be in anaual state convention here June 7 to 9. Josephus Daniels has been invited to address the delegates at a joint session. More than 400 delegates are expected to attend.

NORMAN—Five dormitories for men and women will be erected at the university grounds here if the plans of university authorities do not go awry. A woman's dormitory will be erected this year. It will cost approximately $100,000. The appropriations for the new buildings were recently voted by the legislature.

PRYOR—Date for the trial of Bush Woods, B. E. Hays and Charles Brackett, charged with robbing the Locust Grove State Bank, April 25, was to be set when district court opens here May 7. The trio are now confined in the county jail here. Bracnett is said to be a member of the famous Starr gang of bandits.

BARTLESVILLE.—The trial of Lionel Sutter, charged with assault with intent to kill in connection with an attack on Landine Cole, 16, his sweetheart, at her home here April 14, was to open in Judge W. T. Tyndall's court May 5. Sutter is alleged to have slashed the girl's throat several times with a razor. Miss Cole at first told the authorities "an old man" had attacked her. Later she admitted, authorities said, that she and her lover had quarreled and he had attacked her with a razor.

OKLAHOMA CITY—New officers of the Oklahoma Cotton Ginners' association, elected at the recent convention in Oklahoma City are: D. C. Welch, Lawton, president; S. J. Spillman, Hana, vise-president; H. V. Kahls, Oklahoma City, secretary and treasurer; executive committee, Sam Williams, Elk City; J. B. Hammons, Konowa; C. C. Hillquist, Muskogee; J. W. Vanderwort, Madill; D. R. Owens, Chandler; A. L. Thornton, Chickasha; Taylor Bowles, Hedrick; Worth Randolph, Wynnewood and J. B. Borns, Lindsay.

OKLAHOMA CITY—Legislators here predict the special session will end not later than May 20.

OKLAHOMA CITY—Lewis Paullin, recently appointed pardon and parole attorney, will assume his new duties at the state house this week. One of the first cases he will be called upon to pass on are those of Will Tait and Cleo Gobin, convicted at Lawton of the murder of Russell Sprague, Lawton taxi driver, and sentenced to die in the electric chair at the state penitentiary in June. Paulin formerly was county judge at Durant.

Shawnee Morning News: Now let's not exactly abandon our business just because the oil situation looks encouraging. Rather than do that, let's get our business in shape so it will augment the development that oil may bring.

McALESTER—Three men are now occupying cells in death row at the state penitentiary. They are Will Tait and Cleo Gobin, who are scheduled to be executed in June for the murder of Russell Sprague, of Lawton and Charles Walker, negro, sentenced to dies for killing another convict. Walker's sentence has been appealed to the criminal court of appeals.

MOTHER GAVE IT

Virginia Lady Suffered With Aches and Pains Until Mother Began Giving Her Cardui.

Dublin, Va.—Miss Mary Alice Hughett residing on Route 2, near here, recently told a visitor of her interesting experience with Cardui. Miss Hughett said: "I had been suffering for some time with painful . . . I was pale, didn't feel like going. Would just drag around, and couldn't rest to do any good. I would suffer once a month with my back, sides and head. My limbs would ache and I didn't know what to do, but I knew I must do something, for I didn't get well by letting it run on.

"My mother is a believer in Cardui, for she saw what it did for others as well as herself, so she began giving it to me.

"It wasn't long before I saw a change. It was just what I needed. It regulated me. I began to eat and sleep, and the pain stopped.

"Cardui is without doubt the best female tonic made, and I am glad I can recommend it to others."

If suffering with symptoms such as Miss Hughett mentions, or other ailments peculiar to women, why not begin Cardui at once? Its merit is well established by successful use for more than 40 years.

Try Cardui!

THE MERRY JOURNEYS OF MARY JANE

Mr. Sly got red in the face when Mary Jane spoke to him

Mary Jane and the Little Red Fox

ONE day Mary Jane was going to school, and she met Mr. Sly, the red fox.

Mary Jane said, "Good morning. You ought to be ashamed of yourself for stealing old Mrs. Gamp's chicken last night. Don't you know she was saving that chicken for when the minister was coming?"

Mr. Sly got red in the face. And then he said he was going along peaceably, minding his own business, and then her old hen ran right out and bit him. So what could he do? He had to protect himself, didn't he?

When Mary Jane heard this, of course, she was very sorry she had blamed Mr. Sly. Mary Jane did not know he was not telling the truth. And so she sat down on a big log by the side of the road and opened up her lunch basket, and she and the little red fox had a party.

But the best of all were the two big slices of bread spread with Mary Jane Syrup and put together. Mary Jane ate one and Mr. Sly ate the other. And Mr. Sly said that nothing was so good as Mary Jane Syrup. And never again would he eat chicken. And he didn't.

SALES TAX HERE ANALYZED GOOD

Would Tend to Pyramid Prices One Objection Advanced.

WASHINGTON, May 2.—Within a few more months, you may have to pay a special "overturn sales tax" every time you buy anything.

This proposed sales tax, apparently favored by a majority in congress, would take the place of the excess profits tax, which is scheduled for repeal. However, the objection voiced to the "overturn tax" is that it would tend to pyramid prices on each successive sale.

Congress is dividing into two factions over the method by which the sales tax should be applied.

Both factions have about agreed that the rate of the sales tax should be one percent of the selling price.

Faction No. 1 wants the sales tax to apply only to retail purchases by consumers.

Faction No. 2 wants the tax applied to all sales, beginning with raw materials and gradually accumulating and being passed on to the consume every time a sale is made in the long chain of sales involved in manufacture and distribution of commodities.

17 Cent Tax on Overalls.

You would pay a total tax of at least 17 cents on a pair of overalls, if the sales tax were collected all along the line from cotton grower to retail seller. This is the estimate of B. S. Orcutt, a Wall Street Journal writer. He figures it out like this:

The cotton grower, when he sold his cotton that goes into the overalls, would pax a tax of 1 percent Another sales tax of 1 percent would be added when the cotton, converted into cloth was sold to the overalls manufacturer. Similar taxes would be added to selling price by makers of thread, buttons, buckles, etc.

Then another tax of 1 percent would be added to selling price when the overalls manufacturer sold to the jobber, when the jobber sold to the retailer, and when retailer sold to consumer.

Tax on Auto Tires.

With an "overturn sales tax" in effect, the buyer of a 30x3 1-2 cord automobile tire, retailing at $35.10, would pay a direct sales tax of 1 percent—or 35 cents.

But he would also pay an additional 79 cents, representing sales taxes collected from sales of crude rubber and cotton and the various other sales of raw materials and manufactured good that take place before the tire reaches the consumer.

Thus, on a $35.10 auto tire, the consumer would be paying a total or accumulated sales tax of $1.14, or three and a quarter precent of the sales price.

These figures on how a sales tax would apply on tires are furnished by Horace De Lisser, president of the Ajax Rubber Co.

Like the Luxury Tax.

Special sales taxes already are being paid by American people on about 100 articles—cigarets, toilet water, patent medicine, furs, expensive gowns, etc.

The proposed "overturn sales tax" would apply practically the same idea to nearly all purchases by consumers.

Some tax experts believe that the tax should not be collected on purchases under $1, because the tax would be only a fraction of a cent. To protect newsboys, small farmers, etc., it is suggested that no sales tax be paid by sellers whose sales are less than $500 a month.

Pimples and blotches on the skin are caused by bilious impurities in the blood. The right remedy is Prickly Ash Bitters. It removes the cause by purifying the blood, liver and bowels. Price $1.25 per bottle. Gwin-Mays Drug Co. Special Agents.

Gay Electric Buys Stock of Unique; Are Incorporated

The Gay Electric company, which established a store at this place here only a few months ago, with L. W. Drummond as manager, have found such an increase in their business that they decided to take over the Unique Electric company. This was put into effect yesterday, when the deal between the two stores was closed.

They have also received a charter froom the state and are now an incorporation with head offices at Chickasha and a branch store here. They were incorporated for $25,000 and are now in a position to give the best of service in the electrical line.

The store will be at the old stand on South Broadway and the fixtures and supplies of the Unique Electric Co., will be moved to that place. The new officers are F. G. Gay, pres., T. B. Losey, vice-pres., E. L. Hope, sec., and L. W. Drummond, treas, and also manager of the Ada store. All these men are the stockholders in the company.

PARISIENNE DANSEUSE LIVES IN TENT ON HOTEL ROOF FOR SAKE OF BEAUTY

Mlle. Evelyn Valle in her roof-tent room on top of the Hotel Nassau.

Mlle. Evelyn Valle, Parisienne dancer, who has come to this country to introduce new dances on Broadway, found New York climate too stuffy and so she had a tent erected on the top of her hotel. Her novel apartment is equipped with every modern improvement, including electric light, telephone and running water. Mlle. Valle will appear shortly introducing the Portugese Fado and Brazilian Cavaquaiho, her two new dances. King Alphonse of Spain declared his admiration for this pretty dancer when she introduced the shimmy in his country.

URGES MORE ATTENTION TO STATE STOCK RAISERS

(By the Associated Press.)

STILLWATER, May 3.—Declaring that the livestock industry in Oklahoma offers unusual possibilities and pointing out various reasons why the state and its stockraisers should show a more active interest in its development, L. Blizzard head of the animal husbandry department of the Oklahoma A. and M. College, today appealed to all stockraisers in the state for a more concerted campaign in stock raising in the ensuing two years.

"With Oklahoma's eight million acres of land in pasture, together with native meadow, all of which is suited to raising cattle, the state should be destined to become one of the leading livestock states in the union," Mr. Blizzard's article reads. "This combination, which is characteristic throughout the state, makes it especially well adapted to cattle raising and livestock farming in general."

Professor Blizzard set out the following reasons why the state affords more production and better grades of cattle.

"A comparatively long grazing season with fall and winter wheat and rye pasture. This cheapens the cost of producing beef.

"The land in this state is capable of producing rough grades in large quantities. Cattle are the only class of livestock that ultiize these rough ages to any extent.

"Such crops as cane, kafir, feterita, milo, and darso can be grown extensively and they make excellent silage crops insuring cheaper beef.

"Corn, oats and alfalfa hay, all ways reliable beef producers, have a large acreage in this state.

"The protein supplements such as cottonseed meal and other cotton seed products are produced in large quantities in the state and for this reason can be purchased without heavy freight bills to pay.

"Compartively short and open winters, meaning that it is not necessary to house cattle for any great length of time."

An appeal is also addressed for a greater production of registered cattle. The statement says that this field is just beginning to open up, which means that more pure-bred bulls will have to be produced.

"The farmer in Oklahoma, as a whole, is commencing to realize the importance of better blooded cattle and also to appreciate the value of the pure-bred bull in improving the cattle stock," Prof. Blizzard writes. "I venture to say that if every man who is producing cattle would come to a realization of the fact that he would afford to use a pure-bred bull, it would take 10 to 12 times as many than are being produced for the next 12 years."

The statement goes on to say that the war on the tick is opening a new field as with elimination of the tick stock raisers will naturally want better cattle. "With scrub stock, early maturity is impossible and the maximum utilization of feed can not be obtained and the only way out of the difficulty is for this kind of a stock raiser to keep nothing but the good kind," says the statement.

Now to select and judge a good bull and the art of beef judging also is contained in the statement.

Is Green no More

"My experience with your medicine has been wonderful. My stomach and liver trouble of five years standing took a new turn two years ago when I took on an olive green complexion. I spent $1.200 with doctors and specialists only to prove that I was still as green as ever. A friend advised me to take Mayr's Wonderful Remedy, and I am green no more. My stomach and liver trouble has all disappeared." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

LARGE SUM WILL BE APPROPRIATED

(By the Associated Press)

OKLAHOMA CITY, Okla., May 3.—Three hundred and seventeen thousand dollars will be provided school districts of the state that have voted or levied 15 mills for current expenses for the fiscal year ending June 30, in House Bill No. 18, introduced in the extraordinary session of the legislature by representatives Harris and Cummings. The bill also allows portions of the fund to those schools without funds to complete the term.

The appropriation, if passed, will be pro-rated among the several counties in the proporation to which taxes were collected from the counties in the year 1920, the bill says. Any school district desiring to take advantage of the appropriation must file with the department of education.

The valuation of the district as shown by the last preceding estimate, number of mills voted and number of mills levied, the amount asked for in the budget for the purpose of paying teachers' salaries, the amount approved by the excise board for the purpose of paying salaries, and the unexpended balance of the estimate approved for this purpose at the time of application.

The bill also provides that the aid given by the state shall be used solely to pay teacher salaries under contracts now in existence. No one district shall receive an amount in excess of $150 per teacher, nor more than $3,500 for any district

An allowance of $2,000 is permitted the state superintendent for clerical help and other necessary expenses in apportioning the money. Any money not appropriated nor drawn from the treasury before July 1, shall revert to the general fund, under the terms of the bill.

A nice, pleasant purgative that also has a genial stimulating effect in the liver and stomach is one reason why Prickly Ash Bitters is so well liked by men who have used it. They find it a good medicine for the whole family. Price $1.25 per bottle.

ADA LABOR ORGANIZATION TO HOLD MEET TONIGHT

The Ada Labor organization will hold its regular weekly meeting in the district court room tonight.

The attendance at the last few meetings has been small, but a larger crowd than usual is expected to attend tonight. A speaker will be on hand to deliver an address on a subject of his own choosing.

Black Antiseptic Oil, Known as
Snake Oil
Will Positively Relieve Pain in a Few Minutes
Try it right now for Rheumatism, Neuralgia, Lumbago, sore, stiff and swollen joints, pain in the head, back and limbs, corns, bunions, etc. After one application pain usually disappears as if by magic.
A new remedy used externally for Coughs, Colds, Croup, Influenza, Sore Throat, Diphtheria, and Tonsilitis.
This oil is conceded to be the most penetrating remedy known. Its prompt and immediate effect in relieving pain is due to the fact that it penetrates to the affected parts at once. As an illustration, pour ten drops on the thickest piece of sole leather and it will penetrate this substance through and through in three minutes. Accept no substitute. Get it at
HENSLER & STORY.

News From the Hospital

Mrs. J. B. McCollum of Centrahoma, entered the hospital for treatment yesterday.

Dan Newton of Ada, who underwent an operation Monday for appendicitis is doing nicely.

E. M. Chapman of Fitzhugh, who underwent an operation ten days ago for hernia has almost recovered and will be able to return to his home within a few days.

Roger Woods of Stratford who underwent an operation Sunday night for oppendicitis, is doing nicely.

Mrs. Alice Hisaw, who lives south of Ada, is recovering nicely from an operation for appendicitis, performed Saturday.

Clovis Colvin of Ada who underwent a successful operation Saturday for appendicitis is getting along fine.

Mothers' Day Service

Mothers' Day services will be held at the Meethodist Church next Sunday morning. There will be a special program of music, the church will be beautifully decorated, and the whole service will be in keeping with the occasion. The pastor will preach a sermon on "Memorials to Mothers." It is fitting that on this occasion every one should honor mother by wearing a suitable emblem and attending a service in which beautiful tributes are rendered to mothers who have departed this life, and honors are shown those who yet remain to bless us with their presence.

THIS WOMAN'S EXPERIENCE
Brings a Ray of Hope to Childless Women
Lowell, Mass.—"I had anemia from the time I was sixteen years old and was very irregular. If I did any housecleaning or washing I would faint and have to be put to bed, my husband thinking every minute was my last. After reading your text-book for women I took Lydia E. Pinkham's Vegetable Compound and used the Sanative Wash, and have never felt better than I have the last two years. I can work, eat, sleep, and feel as strong as can be. Doctors told me I could never have children—I was too weak—but after taking Vegetable Compound it strengthened me so I gave birth to an eight pound boy. I was well all the time, did all my work up to the last day, and had a natural birth. Everybody who knew me was surprised, and when they ask me what made me strong I tell them with great pleasure, 'I took Lydia E. Pinkham's Vegetable Compound and never felt better in my life.' Use this testimonial at any time."—Mrs. ELIZABETH SMART, 142 W. Sixth St., Lowell, Mass. This experience of Mrs. Smart is surely a strong recommendation for Lydia E. Pinkham's Vegetable Compound. It is only one of a great many similar cases.

THE KINGDOM OF GOD cometh not with observation: Neither shall they say, Lo here! or, lo there! for, behold, the kingdom of God is within you.—Luke 17. 20, 21.

For the kingdom of God is not meat and drink; but righteousness, and peace, and joy in the Holy Ghost.—Romans 14. 17.

CARELESS PEOPLE PAY

Determining the cost of insurance—technically called rate making—is a subject not sufficiently under stood by the public.

Rates on various classes of property are based on the law of averages resulting from the observation of thousands of similar fire losses.

Specially trained experts, (not insurance companies,) after years of study and experience are called upon for this service and in practically every instance more effort is expended by these experts in giving the insuring public the facts upon which their conclusions are based than in communicating them to the companies involved.

Every rating bureau has a force of inspectors and engineers who visit industrial and commercial plants, free of cost, and give expert advice on fire prevention and suggest improvements if possible by which the insured can lower his rates if he wishes. Practically every element of cost in fire insurance is subject to modification by the public, and it is really the people and not the insurance companies who fix insurance rates.

Insurance companies do not start or cause fires. They are by no means responsible for fire waste, the large percentage of which arises out of careless habits everywhere prevalent.

People who disregard the simple rules of fire prevention are called upon to pay for their indulgence in habits of carelessness.

The insurance companies maintain the rating bureaus to educate the public in regard to fire hazards and to make equitable rates.

IMPOSSIBLE COMBINATION

The attitude of organized labor toward the financial ventures of North Dakota under the non-partisan league is described as one of "friendly consideration" by Matthew Woll, vice-president of the national federation of labor, in an interview which will appear in the journal of the photo-engravers' union.

Mr. Woll, who, as a member of the federation's executive council, recently heard an appeal from North Dakota officials for labor's assistance in floating a state bond issue, asserts that the council "did not indorse the non-partisan league," but it did ally itself with the farmers of America against the financiers of Wall street.

If organized labor could gain control of industries and organize farm labor so that it could call a strike on either the producing or distributing end of the nation's business, it would have the American public by the throat and make its favorite "wolves" of Wall street look like pet rabbits.

MAKING EMPLOYES STOCKHOLDERS

The Union Pacific Railroad is setting a great example in its system of enabling all employes to become stockholders.

Its system of dealing directly with its thousands of employes on a partial payment plan is being taken up by other large companies.

The Portland Railway Light and Power Co. sold direct at par a million dollars of its securities to employes and customers.

The Standard Oil Co., of California is placing $15,000,000 of its stock in the hands of its employes on easy terms to them.

Managers of large public service corporations can work out great changes in public opinion when they make their workers profit sharers.

Few individuals in such organizations will strike at their own homes and at their own bank accounts knowingly.

FEEDING THE HORSE

In discussing the public utility situation, E. K. Hall of the American Telephone and Telegraph Company said:

"When a man owns a horse, he knows that if he wants that horse to serve him he must feed the horse. That is a simple proposition. He understands it because his everyday experience proves it to him. It is exactly the same proposition with the public utilities today, only it is not so easy to make him see it as it is in the case of the horse."

Rates and horse feed are a whole lot the same. It costs more to feed the horse and it costs more to run a utility than it did ten years ago.

FORT WORTH RECORD: "Wilson should be kicked out," wrote the German kaiser in the summer of 1917, when Pope Benedict's attempted peace mediation failed. And then they kicked the kaiser, and kicked him so hard that he landed in Holland.

* * *

The Pathfinder: If Bob Ingersoll had lived until now he would have become a Christian. He once vowed that when Missouri went Republican he would join the church. When he made that promise he thought he was citing something that was beyond all possibility—but the "impossible" often happens, especially in politics.

* * *

Chickasha Express: In calling a special session of the legislature Gov. Robertson undoubtedly responded to the sentiment of the vast majority of the people of the state. if the law-makers want to do likewise they will proceed to transact the necessary business promptly and then adjourn.

* * *

Shawnee News: Extremely wealthy men who have lived lives of intemperance and immorality are fast reaping their reward in one form or another, indeed, this year seems to hold the record for the number of this class who have met violent deaths. Their lives have been known to everyone and their final endings should act as a deterrent to otherwise well balanced persons who suddenly acquire great riches.

* * *

Wichita Falls, Tex., Times: Between the wage controversy and the proposed congressional investigation the public will learn more facts about the railroads of the country than has heretofore been known. The railroads have been getting their side of the wage controversy before the public through the hearings before the board and by propaganda mailed broadcast. Likewise the employes. The congressional investigation will be conducted through public hearings which will again result in much publicity. by the time this investigation is concluded the public ought to be fully informed on the railway problem.

FILM SMILES -and so forth By Hi Speed

MOTHER EVE started this "vamping" business and as a result censorship of the screen impends. Those who favor official control advocate freedom of the "seize" while diplomats of filmdom seem to fancy freedom of the squeeze. And there you are!

Gone are the nickleodeons of other days where sleep was sweet and the price within reach of all.

Photoplaying certainly works wonders. "The Shadow of Rosalie Byrnes," when cast upon the screen, becomes Elaine Hammerstein.

If you are wildly interested you will soon see photoplayed what's "In the Heart of a Fool."

"Moonlight" is the title of a new film. There is sure to be "moonshine" in the "stills."

"Skirts" and "Shame" are new films forthcoming from the same producing firm. One of them is a bathing girl picture.

A famous editor once remarked that "one picture is worth a million words."

Photoplay producers seem to take him seriously in the matter of subtitles.

Film Chat in Short "Takes"

"Rest for the Weary" is an Owen Moore photoplay title that savors of Spring fever.

Star will direct star when Ralph Ince supervises Conway Tearle's next Selznick picture.

"The Dollar a Year Man" may make up that difference in salary now that he has become a film.

"Ghosts of Yesterday" must not be expected to recall the spirits of days before prohibition.

When Griffith films "Faust" it is rumored John Barrymore may play Mephistopheles and Lillian Gish Marguerite.

AN INTERNATIONAL "PALSHIP" URGED TO SAVE CHINESE

THIS typification of a Chinese famine victim, drawn by a Chinese artist and used in famine appeals in the Far Eastern Republic, will become familiar to hundreds of Americans during "China Famine Week," May 1 to May 8.

During this week friends of China will be asked to demonstrate their friendship by responding to the slogan, "Pick a Pal in China." "Send What You Spend in ONE DAY to China" is the supporting appeal, the American Committee for China Famine Fund hoping that a figurative "international palship" will result in American men, women and children selecting, in effect, a Chinese "pal" for a day and sending what they would spend on themselves or a friend in one day to local committees, banks, newspapers or direct to Vernon Munroe, treasurer, Bible House, New York City.

The picture shown herewith will appear on pamphlets and other printed matter which will be used by church and other organizations during "China Famine Week." Cablegrams from China appealing for funds to save the "last 5,000,000" victims whose only hope is in America, and saying that the growing grain will be devoured in the next several weeks unless the farmers are given other food caused the American Committee and its Church Cooperation Committee to set the special week.

Increase Is Shown by Ada Churches in Sunday School Work

The Ada Sunday schools at the leading churches are increasing steadily.

Among the churches that report a large increase is the Baptist, Methodist, Presbyterian and Christian. The Presbyterian church and Methodist church are both enjoying large increases in their classes and if the work progresses during the summer with such noted success they will all have crowded rooms in a short time.

The following is the report given for Sunday May 1:

Church	Att.	Col.
Baptist	518	$21.00
Methodist	339	16.00
Christian	235	8.31
Nazarene	208	14.44
Church of Christ	195	25.00
Presbyterian	117	3.96
Oak Ave. Bap.	124	2.24
Total	1,736	$90.95

115-117 WEST MAIN ST.

The Daffodil

The crocus to the tulip said:
"For all her virgin gold
The dainty daffodil is not
So innocent, I'm told.
'Twas whispered to me by the fern
who heard it from the lily.
She once was wild as she could be,
And, known as daffydowndilly."

"She bore the name of jonquil, too,
And passed as asphodel,
Narcissus has been one of her
Aliases as well.
And though she queens it royally
When April suns are mellow,
Her fond admirers must admit
The daffodil is yellow."
—Minna Irving in the New York Herald.

Open House at Willard School

On next Friday afternoon from one until three o'clock the Willard school will hold open house to all patrons and friends who care to visit. There will be a display of different articles of work each student has done during teh entire semester.

Each room will have its individual exhibit and all are invited to come out and see them. This is an annual event for the school and the student has done during the entire to it with eagerness.

* * *

Mrs. R. Y. Kidd and grandson, John bedford, returned to their home here yesterday after spending several days in Allen visiting relatives and friends.

* * *

Mrs. W. T. Wagner of East St. Louis, Ill., has arrived in the city. While here she will be a house guest of Mrs. A. B. Carrier at her home at 720 East Seventh street. She expects to visit in the city for some time.

* * *

Mrs. O. L. Judson of Okmulgee was in the city until yesterday visiting her brother and family. She returned to her home at that place yesterday afternoon.

* * *

Miss Hazel Dial of Tulsa was a guest of friends in the city over the week-end returning to her home at that place Tuesday morning.

* * *

Miss Ila Davis of Electra, Texas, arrived in the city yesterday and will be connected with the millinery department in the Burk style shop.

* * *

Mrs. Alice Benton of Shawnee was a visitor in the city yesterday and today.

MURDER CASE IS UNDER HEADWAY

(Continued from page 1)

outlined the state's case to the jury mentioning briefly what the evidence submitted by the state would be. The defendant attorneys reserved the right to make their state ment at the conclusion of the state's testimony.

B. F. Sanders of 419 East Main, was the first witness for the state. The witness said that on March 10, this year, he was one of the proprietors of the Byrd hotel, located at the corner of Twelfth and Townsend, in this city.

About 10 p. m., the witness said, he was at the desk in the hotel. The defendant entered the hotel about that time and asked if he could furnish him a room on the first floor, for himself, his wife and daughter. The witness said he was busy at the time and asked the defendant to bring his family into the office, where they could rest until he had time to wait on them. Marshall answered that they remain in the automobile until the room was ready.

Signs "Ben Benson."

In a few minutes he notified Marshall that his room was ready. Marshall signed the hotel register "Ben Benson and wife," paid a dollar for the room and went to the room with the woman and little girl. The witness described the room by saying it was on the south side of the hotel, on the ground floor, near a hall door, which opened on the Twelfth street sidewalk.

The man, woman and child, retired to their room a few minutes after 10 p. m., and he saw them no more that night. The car in which they had arrived was parked at the south side of the hotel, just across the sidewalk from the hall way door.

Witness said he went to defendant's room at 7 o'clock the following morning, March the 11th, the day of the shooting. He rapped on the door and asked if they wanted breakfast. Marshall answered that they did. He returned to the room other times, urging them to come to breakfast and, about 8 o'clock, he went to the room and told them that a rain cloud was coming up and that they had better place their car in the shelter. Marshall answered, the witness said, "Let it rain I don't give a damn." Witness left the hotel at 8:30 and did not see the defendant again, until the preliminary trial.

Room For Night Only.

On cross examination, attorneys for the defense asked the witness if the payment of the room rent did not entitle the defendant to the possession of the room for 24 hours from the time he entered it. The witness replied that Marshall has only asked for a room for the night, and that no particular rule had been adopted by the hotel management with reference to the length of the time a person might occupy a room rented for the night.

The next and final witness for the state at the morning session was E. J. Jenkins, who was also one of the proprietors of the Byrd hotel an dwas in charge March 11, the day of the shooting.

Jenkins said he went to room occupied by the defendant and the woman and girl, about nine o'clock and demanded possession of the room. Receiving no satisfactory answer he called for the city police.

Officers Barnett and Matthews responded and went to the room at his direction where they knocked on the door. No response came from within and the door was not opened. Fifteen minutes later Marshall opened the door, explaining that he would have done so sooner, but his wife was dressing.

Describes Shooting.

The witness next saw the defendant a few minutes later, when he entered the hotel office from the dining room, running closely pursued by Deputy Sheriff Nebhut. As the defendant reached for the door knob to leave the hotel office Mr. Nebhut grabbed him by both arms, from behind. The two men scuffled about the room a few seconds and finally Marshall succeeded in wrenching his right arm free from the officer's grasp. Witness said he saw Marshall pull his automatic pistol with his free right arm and point it at Mr. Nebhut, two or three times. Mr. Nebhut tried to take hold of the gun, but Marshall pulled it back out of his reach two or three times and then fired the fatal shot.

As the report of the shot rang out Mr. Nebhut released Marshall and placed his hand on his wound, saying, "I am hurt." Marshall hurriedly opened the door and jumped from the room. As Marshall started to run south on Townsend avenue Mr. Nebhut stepped out of the hotel office and fired at him three times, Marshall returning the fire with two shots.

Before going to Mr. Nebhut's assistance, who had fallen in the street in front of the hotel, the witness saw Officer Mc Daniel shoot at Marshall, but directed all of the further attention to Mr. Nebhut and knew nothing more of the affair.

The witness was certain that Mr. Nebhut did not pull his gun, nor undertake to shoot Marshall, until Marshall shot him and escaped from the room.

Court adjourned until 1:15 p. m., when the state had finished examining Jenkens and the attorneys for the defense will conduct the cross examination at the afternoon session.

All of yesterday was taken up in an effort to secure a jury to try the case. Because of the popularity of the slain officer and the publicity given the case by the newspapers, a great many of the men on the panel had become familiar with most of the details connected with the case and most o them were disqualified for that reason.

Ninety Men Examined.

At 10:30 this morning after ninety men had been questioned touching their qualifications to serve as jurors, the last man was secured, the final challenge and the case got under headway.

Attorney D. W. Huffer appeared at the defense council table with Attorneys A. C. Chaney and John Crawford, when court opened this morning, and will take active part in the defense of Marshall.

Marshall sat at the table with his attorneys, calm and collected, never indicating by any sign that he appreciated the gravity of the situation.

The state may be able to complete the introduction of its testimony this afternoon and it is thought that the case will be in the hands of the jury by tomorrow noon.

The following men are serving on the jury: Jessie Warren, L. B. Brandon, Albert Moss, W. C. Rose, Clarence Chandler, John Morper, W. J. Jones, A. H. Gadbery, W. A. Sanford, E. W. Deathridge, J. D. Soloman and A. R. Rogers.

At the McSwain

What would Billie Burke wear if she were in Paris? That is an interesting question that is answered by Miss Burke herself in "The Frisky Mrs. Johnson," her latest Paramount picture, which will be shown at the McSwain Theatre Today. The action takes place in the gay French capital and to gown herself fittingly Miss Burke ordered her costumes at an expense of thousands of dollars from Paris. Neeless to say, Miss Burke surpasses any of her past sartorial efforts in this production.

As Belle Johnson, an American widow, Miss Burke has a characterization that is admirably suited to her engaging personality. She is ably supported by Ward Crane, Huntley Gordon, Lumsden Hare, Leonora Ottinger, Jean de Briac and others. Edward Dillon was the director.

They also state that they are in a position to give the best of service and invite those interested to come up and inspect the shop. They are located over the Rollow Hardware store.

GOOD OIL STRIKE IS MADE IN WELL WEST OF WETUMKA

By News Special Service.

WETUMKA, Okla., May 4.—A good showing of oil and a strong pressure of gas was found in the Cecil Andy well No. 1 in section 9-9-10, owned by Dr. Wilhoit and associates of Kansas City, late Tuesday afternoon. The strong pressure of gas caused the oil to flow over the derrick and interest in oil is rapidly growing.

Conservative estimates of the well state that it will make about 150 to 200 barrels per day when shot. However a difficulty was encountered when the gas which was struck at 1,400 feet broke through and cut off the oil, which was found at 2,100 feet. The operators expect to be able to shoot the well about Monday and from reports that were received here today the sand is good enough to make a paying well. Interest has been shown in this well for some time and a strike has been expected.

High Seniors Give Entertainment to Faculty Last Eve

The senior class of the high school entertained the high school faculty at the high school auditorium last evening, and a most interesting program was rendered. The entertainment took on the nature of a farce comedy, in that the program portrayed the opening of "the Ada College," the senior students playing the parts of the college faculty, and the high school faculty constituting the audience.

Written invitations had been sent out announcing the opening of Ada College in the high school auditorium Tuesday evening, and the plan and program of a college opening was carried out to the letter.

The guests were met at the entrance by the dean, Don Evans, Harvey Neely, Viola West and Ora Ewing, registrar. They questioned the applicants and presented them with examination blanks and registration cards in the regular manner.

A full faculty of teachers were represented, and the departments assigned were as follows: Chas. McKellar, history department; Claine Roach, astronomy; Marguerite Anderson spelling; Webb Riddle, botany; Bernice Roach, physical education; Guy Meaders, music.

After the program proper the guests and all repaired to the domestic science department where they were served with elegant refreshments. Every guest received a diploma signed by the dean and other officers of the college.

The entertainment was most interesting throughout, and the faculty was pleased with the honor conferred upon them by the seniors.

OUR PLACE ON SUPREME COUNCIL IS UNKNOWN

(By the Associated Press.)

WASHINGTON, May 4.—Decision as to American representation on the allied supreme council and the reparation commission was held in abeyance today, pending receipts of the invitation from the allied governments.

Before discussing the question in any way, state department officers preferred to await the official text, as the extent of the desired American participation in the whole reparation controversy has not yet been made clear.

In some administration quarters today, expression was given to a doubt that the United States would consent to formal representation on the supreme council, but it was suggested that it was possible that an unofficial observer would be named to sit in at the session.

Centenary of Napoleon

(By the Associated Press)

PARIS, May 4.—France today began a two days observance of the centenary of the death of Napoleon. At 5:40 this afternoon a salvo of artillery at the Invalides will mark the passing of a century since the death of the great warrior and will close the exercises.

Pants, lace bottoms ---------- $3.50

Coats, ---------- $4.95

Lee Unionalls $3.95

The standard duck Unionalls for oil men that prefer them to separate garments.

Steam Proof Gloves

Dozens of kinds and just as many grades of good gloves for the oil men—gauntlets, and short lengths. Asbestos gloves that are a favorite with the driller—guaranteed steam proof. Come in and inspect our varied assortment.

Shaw's DEPARTMENT STORE

MANY APPROPRIATION BILLS ARE INTRODUCED

(By the Associated Press)

OKLAHOMA CITY, Okla., May 3.—Introduction of approximately 80 bills, passage of deficiency appropriations totaling more than $700,000, weeding out of the 41 bills introduced in the house to seven and a favorable house committee report on soldier relief totaling approximately $1,500,000, marked the progress of the opening five days of the first week's session of the extraordinary session of the legislature which convened here April 25.

Starting off with almost a wholesale dumping in of appropriation bills of every description, the house and senate alike took on the earmarks of machine like business during the first week, settling rapidly into an attitude of legislative activity. Following the specifications outlined in the governor's message, limiting legislative discussion to appropriation bills, soldier relief, deficiencies, Red river and school land appropriations, both branches seemed anxious to live up to their interpretations of the executive's wishes.

The senate wherein 36 bills were introduced, had taken no action Friday relative to weeding out bills upon which points of order had been rasied as to the validity of their introduction in conformity with the governor's recommendations. Further work from the governor and the status of technicalities were attributed as reasons for senate delay in acting upon this phase of the bills introduced to that body.

On the second day Speaker Schwabe of the house gave out his limitations and stated that all bills which called for building appropriations or appropriations not strictly of a general or deficiency nature would be ruled out of consideration by the lower house. This decision was contested by a few members, stating that he was clipping consideration too close. This action alone cut off practically two-thirds of the bills introduced in the house, totaling approximately $1,700,000.

Deficiency appropriations of $257,000 for the University of Oklahoma, $100,000 for the A. & M. college, $3,000 for the Panhandle Aggie school at Goodwell and $100,000 for expenses of the legislature have been passed by the house, setting a record for rapid passage of appropriation measures. The senate committee on appropriations similarly reported out the general appropriation bill, which Senator Davidson, its chairman, said had been cut down more than $35,000. The senate passed three appropriation bills, one for $120,926 for payment of interest on public building bonds, $257,000 for the state university and $67,600 in deficiencies.

Soldier relief measures, calling for an appropriation of approximately $1,500,000, have been favorably reported out of the house committee on relief. This sum is contained in three bills all sponsored by the American Legion. One calls for an appropriation of $434,700, another $323,963, and a third $500,000. These relate to a soldier relief commission erection of a tubercular sanitorium and a general and vocational hospital.

Speedy action on these measures, as well as the larger appropriation bills, is expected. A bill similar to the one introduced in the regular session authorizing a bond issue of $25,000,000 as a soldier relief bonus was introduced but was stricken from the calendar upon the point that it was not pertinent to the relief legislation recommended by the governor.

A resolution by Representative Tylee, republican, calling for a statement from the board of affairs for its alleged "propaganda in circulating the report that the capitol lights and elevators had been cut off for the last two weeks because the legislature had made no appropriation for maintenance," was the only report of an investigative nature adopted during the week. Conclusions disclosed that the board had made an error in arriving at its estimates and the correction was noted that it was no lack of appropriation by the legislature that caused the action.

The only changes made in organizations in either branch as a change in membership of the house appropriations committee, and an overhauling of the leadership in the senate minority. Senator Clark was made republican caucus chairman to succeed Senator Briggs, resigned as such, and Senator Brown was made republican floor leader, to succeed Senator Sherman, relieved. Speaker Schwabe, at the time of announcing committee organizations, also said there would be a change in the make-up of the house investigations committee, but this has not yet been done.

Governor Robertson, although having made no public statement as to his opinion on the action of the legislature thus far, has intimated in private sources that the progress on the face of things has been very well, but that he was desirous of seeing some appropriation bills passed that would grant some of the state institutions needed buildings. He has refused thus far, to commit himself as to making a supplementary message to include such appropriation bills, declared that "he was reluctant to do so as he did not want to leave any ipression that he was throwing down the bars to all building appropriation bills, as there would be many introduced that the state does not want."

Providing that the governor upholds the attitude taken by the house in its interpretation of his message, followers here are predicting that the extra session will stand adjourned in two weks. This assumption is back up with a declaration that there is a spirit of accord existing between the two branches and that there is a working agreement present that will break down the deadlock which caused the adjournment of the regular session, minus appropriations.

Twenty-six of the bills introduced during the week found their way into the house hopper on the first day, 10 on the second and 5 on the third. No bills were introduced on the fourth day. In the senate, 23 were introduced the first day, 7 the second, 3 the third and 2 the fourth.

An engineer and fireman on a transcontinental train left their engine recently to rescue from a burning farmhouse near Cochrane, Ontario, an invalid mother and her son. The boy jumped from the second story into their arms.

Why Chalmers knows *The* NEW EDISON gives his true voice

BECAUSE he has *compared* his voice with its RE-CREATION by the New Edison. Because thousands of people have heard this comparison. Because no one distinguished any difference between his living voice and his RE-CREATED voice.

Don't take the statement of an artist that a phonograph gives his true voice. See whether that phonograph can sustain the comparison-test. If it can't, you know that such phonograph *does not* give you the artist's true voice, but merely a mechanical version of its own. Think about these things! Then remember that the New Edison *does sustain* the comparison test, that it is the *only* phonograph which sustains the comparison test; and that we are always glad to prove this to you.

If you love music, your credit is good here. You can arrange your payments on a gentleman's agreement.

DELEGATES FROM MANY STATES TO CONVENTION

OKLAHOMA CITY, May 3.—Approximately 500 delegates from the states of Texas, Kansas, Nebraska, Louisiana, Arkansas, New Mexico and Oklahoma have registered for attendance at the South Waterworks association convention which will be held here May 9, 10, 11 and 12, Joe H. Patterson, commissioner of public property and vice-president of the Association, announced here today.

The delegates include mayors, commissioners and water superintendents of more than a hundred cities in the foregoing states, Mr. Patterson said.

Gov. J. B. A. Robertson of Oklahoma will deliver the opening address before the convention. One day will be given over to the inspection of Oklahoma City's water supply lake west of the city, while another day will be spent at the plant at El Reno, about 30 miles west of here. The president of the local automobile association has promised to supply 100 automobiles for the trip there.

A feature of the convention will be a large factory display of new types of waterworks equipment. Officers of prominent construction and waterworks plants in various parts of the country will be present to outline operations, according to Mr. Patterson.

A women's entertainment committee has also been named and is busy preparing elaborate entertainment features for the wives of the delegates who have been invited and are expected to attend the meeting.

Pure, nourishing blood makes healthy flesh, good muscles and a strong vitality. The reverse is the case when the blood is poor. To drive out impurities and enrich the blood take Prickly Ash Bitters. It is a most efficient blood purifier and system regulator for men. Price $1.25 per bottle. Gwin-Mays Drug Co., Special Agents.

WILL ISSUE MANY FIRE PERMITS ON NEW LAND

DULUTH, Minn., May 4.—Members of the state forest service in the Northwestern Minnesota division, under the direction of District supervisor Henry G. Webber of Duluth, are preparing for a record season in issuing burning permits to settlers and others who expect to set fire on newly cleared land and other plots.

A state law, passed at the special session of the legislature in September, 1919, requires a permit before fires may be started legally "after snow has left the forests."

To expedite issuance of these permits supervisor Webber, through his staff of seven district rangers, has deputized one township officer in every organized township. They will be known as township fire wardens.

Last year more than 50,000 permits were issued in the state. This number, Mr. Webber said, was augmented by necessity for more than one permit to be issued for one fire. He explained this point by stating that permits were usually good for only a few days, at the end of which time renewal was necessary.

During 1920, fifty arrests were made by the department for failure to abide by the burning permit law. Leniency was granted a majority of these cases when the accused pleaded ignorance of the new statute. The state department intends to rigidly enforce the law this year, the supervisor asserted.

THE ADA EVENING NEWS

In the Heart of the
Bountiful Southwest

VOL. XVIII. NUMBER 44 — ADA, OKLAHOMA, WEDNESDAY, MAY 4, 1921 — EIGHT PAGES — FIVE CENTS THE COPY

MAYOR WOULD PRESERVE PATH

Enjoins Railroad Company to Halt Work on Industry.

The legal proceedings recently brought by the mayor of Ada, injoining the M., K. & T. railway company and the Sutherland Lumber company from closing up a driveway which has been used by the public for several years on the private property of the Katy, was the main subject discussed at the meeting of the Chamber of Commerce board of directors last night.

The meeting was held at the mayor's office at the city hall and was attended by ten members of the Chamber of Commerce board of directors and Mayor Kitchens.

It appears that conflict started between the mayor and the Katy company when that company leased a portion of its right of way lying adjacent to, and just west of, its main track, between Main and Twelfth, to the Hale-Halsell company and the Sutherland Lumber company, last week.

The Hale-Halsell company leased the north half of the right of way and announced that they would begin the work of building a wholesale house there, as soon as material could be assembled, while the Sutherland Lumber company leased the south half of the right of way and has already set a line of posts across their property, preparatory to the erection of a large rig timber yard to supply rig timber for the Ada oil field.

Citizens of Ada have used a portion of the leased land for several years as a passage way from Main street to Twelfth, and it appears that the Katy company, through courtesy, has never objected to the practice. The citizens custom of so using the company's property has resulted in a path being formed from Main to Twelfth and this path is still used by a great number of persons who find it most convenient way to get from one street to the other at that place.

The mayor in the injunction proceedings, which were filed the latter part of last week, would prohibit the Sutherland company and the Katy from closing up this passage way and gives as his reasons that the passage way is so well established and has been used by so many people for such a long period of time that the owners of the private property have no right to close it up, and he insists that the Katy leave open to the public at least 20 feet on the west edge of their property.

The members of the Chamber of Commerce board of directors could not agree with the mayor that the city had a right to demand that the railroad company give up its private property to accommodate citizens of Ada without first condemning the property and going about the matter in the ordinary manner, and they questioned the wisdom of throttling needed industries for the mere convenience of a portion of Ada's citizenry.

The mayor insisted that he was within his rights and insisted that the proceedings stand. A committee composed of Messrs. Pegg, Simpson and Gowing was appointed by the chairman of the board to accompany the mayor and represent the Chamber of Commerce at a conference with Z. T. Hopkins of St. Louis, assistant to the chief operating officer of the M., K. & T. and S. A. Johnson of Parsons, Kans., general manager of the company, which was to have been held here today. The meeting was postponed until tomorrow, however, when it became known today that the railroad officials will not be here until tomorrow. Mayor Kitchens announced that he thought the difficulty could be adjusted at the meeting with the officials.

EXPRESS COMPANY WILL LOWER WAGES JUNE 1.

(By the Associated Press.)

NEW YORK, May 4.—The American Railway Express company announced here today it had notified its eighty thousand employes that it had contemplated a revision in wages effective June 1.

TRY TO LOCATE A POT OF GOLD

Bergdoll Told Lawyer He Hid One in Maryland Mountains.

(By the Associated Press)

WASHINTON, May 4.—Samuel T. Ansell, former acting judge advocate general of the army, who as council for Grover Cleveland Bergdoll, escaped Philadelphia draft dodger, was instrumental in obtaining Bergdoll's release under guard from Fort Jay, New York, to search for a "pot of gold," was subjected to further cross examination today before a house investigating committee.

Doubt as to where the pot of gold was hidden was cleared up to some extent and by Ansell's explanation mountaineers of West Virginia might as well give up the search. Bergdoll if was said told his lawyers it was somewhere in the mountains of Maryland. Its location was not revealed, beyond the word of the "dodger," that it was "out from Hagerstown."

John H. Sherburne of Boston, counsel for the committee knows about where Bergdoll said it was hidden, but there was not intimation that the location would be made public, to become a mecca for treasure hunters.

GERMAN CABINET MEETING TODAY

American Note Said to Have Disturbed the German Leaders.

(By the Associated Press)

BERLIN, May 4.—The German cabinet met this forenoon in anticipation of discussing developments at London. A meeting was held yesterday but no action was taken relative to the reparation problem. Just how long the Fehrenbach cabinet will continue in office is believed to depend upon the nature of the ultimatum being sent to Berlin by the allies and the attitude adopted by the Reichstag. The parliamentary situation had not been wholly clarified last night.

While the Berlin government was not prepared for the answer contained in the American state department's reply to foreign minister Simons, the foreign minister and his colleagues in the cabinet had hoped that secretary Hughes' answer would be a trifle more precise in the American interpretation in a clear, definite and adequate proposal.

To this extent the American answer left the cabinet in a confused state of mind, it was stated.

Yesterday cabinet meetings devoted four hours to informal consideration of the American reply and the report coming in from the London conference. Speaking unofficially for the government, a cabinet officer later stated the reply had left the cabinet in a quandary.

"We are not clear in our own minds just what the United States means in connection with its suggestions that we make direct proposals," the government spokesman declared. "For instance it is obviously difficult for us to make clear and definite proposals because for one thing we are dependent upon a multitude of economy factors which we do not control. This is one of the reasons why we suggested the installation of a commission of experts to pass on our productive capacity."

The International Correspondence school display and exhibition of the courses and work which they offer that is being shown this week in the show window of the Globe store is attracting many interested people. A couple of diplomas given to Fred Ford of this city by that school is also on display. Letters of the value of the work and its merits are also submitted by enthusiastic students.

TO THE CHURCH PEOPLE

The News was very much humiliated Saturday evening, and should have apologized to Presbyterians and some others sooner, because of the fact that announcements of Sunday services were omitted from the regular church column which runs in the News every Saturday.

For some time our "make-up" man has been an itinerent printer whom we have been trying to replace, and whom we have at last succeeded in replacing, and it was he who was responsible for the blunder simply because he was too lazy and trifling to do a little extra adjusting of the forms to get the items in where they belonged.

We regret to discommode anyone, and worse than all do we regret having disappointed at least two church pastors and their congregations. It is too late now to repair the damage, of course, but we did take some satisfaction in tieing a "can" to the gentleman in question for his negligence and sending him on his way, where and whilst he will probably have time to mediate over the necessity of doing things right if he expects to hold down a situation in a first class newspaper office.

HE WHO MAY-WALKS MAY RUN

JURY DISAGREES IN BOND THEFT CASE

Youthful Defendant Said He Couldn't Resist Temptation to Steal.

(By the Associated Press)

CHICAGO, May 4.—The jury in the case of William Dalton, 16 year old bank clerk, who stole $772,000.00 worth of liberty bonds from the Northern Trust Campany, recently, disagreed and was discharged, today, after it had deliberated for nearly 24 hours. About half the jurors were understood to have been in favor of acquitting the self-confessed boy bond thief, while the other half favored conviction.

The state immediately made the customary motion for a new trial and Judge Charles A McDonald announced that he would set the date later.

Dalton's theft was one of the largest bond robberies on record and attracted much attention because of the ease with which the youthful bandit carried out his escapade.

At his trial Dalton said that he was "surrounded by bonds and couldn't resist the temptation to steal, because it was so easy."

HOLD CONFERENCE ON WAGE CONTROVERSY

(By the Associated Press.)

WASHINGTON, May 4.—Representatives of American steamship lines and the shipping board were in conference today with Secretary Davis and Hoover in a further effort to reach some common ground for a settlement of the controversy with the marine workers over wages and working conditions. Before the meeting began at Mr. Davis' office, the labor secretary conferred with the representatives of the Unions.

BURGLARS USE PICKS AND AXES IN BANK BREAK

(By the Associated Press)

BERNICE, Okla., May 4.—Burglars using picks and axes sometime last night tore away the door of the vault in the First National Bank here, escaped with not more than $200.00 in money, according to an announcement made today by E. C. Ferguson, cashier.

Entrance to the bank was gained by breaking down a rear door and access to the vault was made possible when the burglars smashed the masonary about the steel door.

An attempt to open the safe inside the vault failed.

Last night's robbery is the third the bank has sustained in six years.

Last Minute Telegraph

Big Hereford Sale Held

OKMULGEE, May 4.—Attended by stockmen from Oklahoma, Texas and Kansas, the third annual pure bred Hereford cattle sale was held today by Harry Hart at the Bald Hill Hereford ranch. The sale was conducted by I. J. McClure of Oklahoma City, secretary of the Hereford association of Oklahoma.

Murders, Then Suicides

NASHVILLE Tenn., May 4.—John H. Reeves, retired manufacturer and one of the most prominent citizens of Nashville, was shot in the breast and seriously wounded just before noon today in the Hermitage Club, By James A Grundy, well known salesman, who then turned the revovler on himself and committed suicide.

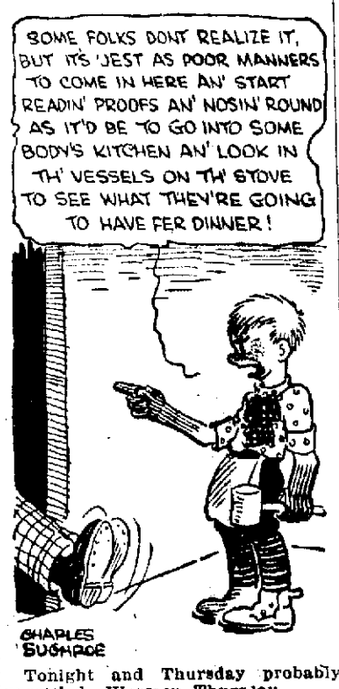

Big Grain Company Fails

SPRINGFIELD, Ill., May 4.—Failure of the Conover Grain Company of Springfield, in the amount of approximately one million dollars, was admitted by baukers in Springfield today. The loss, the banks announced, was entirely covered by collateral and an effort is being made by the Conover Company to save stockholders from loss.

Ship Survivors in Hospital

SEATTLE, Wash., May 4.—Forty-three of the sixty-five survivors of the Japanese freighter, Tokyo-Maru, which burned to the waters edge yesterday off the Oregon coast with a loss of eight lives, were in Seattle hospitals today suffering from shock and exposure. The remaining 22 survivors reported themselves already recovered from their experiences. Only one body of the eight dead has been recovered.

MICKIE SAYS—

Tonight and Thursday probably unsettled. Warmer Thursday.

NO DISARMAMENT ARRANGEMENT YET

Congress Takes Action In Line With President Harding's Views.

(By the Associated Press)

WASHINGTON, May 4.—Proposals for international disarmament are to be delayed for the present in the house, under a decision understood to have been reached today by republican house leaders. This is said to square with the desire of President Harding not to have the disarmament question agitated in congress, in the present state of international relations. Various suggestions for a disarmament declaration, either in the naval bill or as a separate measure, have been put forward in the house and senate and their sponsors are expected to receive no help in urging immediate action.

Mr. Harding is said to have told all inquirers that although the present administration was pledged to reduction of armament, he does not consider the present time opportune. He is understood to have indicated that he had in mind some steps looking toward an international conference on disarmament, at the proper time.

POLES OCCUPY UPPER SILICIA

(By the Associated Press)

OPPEIN, Upper Silesia, May 4.—Organized Polish forces estimated at tweny thousand, have occupied all of Upper Silesia south of a line running from Kosel to Tarnowitz, with the exception of a few large towns and are moving northward, according to information supplied by a member of the inter-allied representation here.

ENGINEER KILLED AND FIREMAN IS HURT IN WRECK

(By the Associated Press)

TULSA, May 4.—Engineer William Randall was killed and fireman Garrett was probably fatally scalded early today when the engine of a Frisco freight train Number 44 went in a ditch at Ogeechee, five miles south of Monett, Missouri. The train was making its daily run from Afton, Oklahoma, to Monett when the accident happened. Only meager reports were made to local offices of the Frico and the superintendent's office at Sapulpa was unable to give much data aboue the victims or reason for the wreck.

OIL WELL WILL STAND AS IT IS; OWNERS OPTOMISTIC OVER FIELD

There Is No Need For Anybody to Feel Blue Over the Condition of the Carter-Nance-Laselle Well Say the Owners—Showing Is Good and Development Will Proceed in New Field With Unabated Vigor.

Since last evening speculation as to the real status of the Carter-Nance-Laselle well in section 32-5-5 has run rife, and the people have been subjected to every conceivable kind of report.

While it is true that many of the oil men and their scouts are leaving the city today, and the town has quieted down to normal, there is no real need for alarm because the well did not develop into a gusher of several thousand barrels. In fact no sane person who is familiar with the situation has ever believed that such a well had been found, but it is true that hopes had been high for several days and a bigger well than actually exists had been hoped for.

The Carter-Lowry-Laselle interests, present owners of the well, were interviewed by a News reporter at noon today, Mr. H. N Lane acting for the syndicate. Among other things Mr. Lane said:

"We set our casing to the bottom of the hole last evening and shut off the gas and oil. As the well stands it is good for fifty or sixty barrels, and what we expect to do, and are doing today, in fact is to back up the casing and start the well to producing whatever it will make."

Nobody knows just how deep the sand is at the well, and when asked why it was not drilled through Mr. Lane said: "This is our first well, and very naturally we could not afford to take the chance of drilling it further. As it is it will bring the company around forty-five hundred dollars per month as a producer, and we would be very foolish to take a chance on losing this income until we have other wells drilled in the field.

"We might drill the well deeper and bring in a thousand barrel gusher, then, again, we might bring in salt water, be unable to plug it off and thereby ruin the well and give the field a black eye.

"We can't afford to experiment until we get more than one well in the field, and it is our intention to have at least six wells drilling within as many weeks.

"We have everything out there that we ever had," said Mr. Lane, "and we can see no reason for Ada people or anybody else to feel blue. We re the people who have spent the money, and are very naturally the ones to feel blue if anything was wrong, but we are still as optimistic as ever and have never had a blue moment."

It would seem, therefore, that it is the populace in general that is unduly alarmed over the conditions that prevail in the field and not the people who have their all at stake, and who would be the heavy losers if the field were to prove a failure.

It is folly to believe that the owners of the well would go ahead buying leases wherever they can, and continue operations with unabated vigor, if they did not have unlimited confidence in the field and did not intend to continue drilling more wells.

The most emphatic evidence of good faith on the part of the promoters of the new well is the fact that the Lowry people, who are already heavily involved, completed their deal for the Hatcher lease which was sold at court auction several days ago. The price paid was $70,500, and since the sale the papers have been in escrow at the Oklahoma State Bank. The syndicate's attorney passed the title at eleven o'clock this morning, and within thirty minutes they had paid over the money and taken down the papers.

It is believed by some that the present well is located on the edge of the pool, and that a big well will be in prospect for future drilling. It is certain that development will proceed however, not only by the owners of the well in question, but by companies owning other leases.

It seems worse than foolish for the people to become discouraged at this stage of the game and pretend that the field is a failure. As a matter of fact procpecting has just commenced in dead earnest, and time alone will tell what is in store for those who do not scare at the first sign of disappointment.

MURDER CASE IS UNDER HEADWAY

May Be Placed in Hands of Jury by Noon Tomorrow.

The trial of B. F. Marshall, charged with the murder of P. G. (Gus) Nebhut, got under headway in the district court here this morning at 10:30, when the ninetieth man examined qualified as a juror and completed the jury for the trial of the case.

FINAL WORD OF THE ALLIES NEAR

Reparation Commission in Berlin to Receive Allied Uutimatum.

(By the Associated Press)

LONDON, May 4.—Members of the allied reparation commission were in the city today to receive from the supreme allied council the ultimatum to be sent to Germany, which was considered to be the final word of the allies on the reparation question. Immediate dispatch of the document to Berlin was expected.

The supreme council reached an agreement yesterday regarding the details of the ultimatum and the drafting committee was busy until late last night in completing the document which was ready for presentation at today's meeting of the council.

An invitation has been sent to Washington inviting the United States government to appoint a representative who will act as a member of the supreme council. The United States also is requested to name delegates to the reparations commission and the council of ambassadors. This was probably the most useful piece of work done at yesterday's session of the supreme council, said the Daily News this morning.

Reports that new government propositions relative to the reparation question had been received, which were current in this city last night, were denied this morning by the French minister of liberated regions and one of the principle figures in the French delegation attending the meeting of the supreme allied council.

"Arrival of Kitty" Friday Evening at Normal Auditorium

The greatest local talent play of the season promises to be that of the Junior class of the Normal who, after more than two months of practice on a play, "The Arrival of Kitty," that was played at the West End Theater in New York City for two years with great success, are now prepared to give the best showing possible.

No efforts have been spared in the making this the best and most noted hit of the season, locally, and the nine characters, all of whom are starring in this play, are the best that could have been selected for the parts. Miss Eloise Adams has charge with the instructing of the play and as she has had much experience in this line and has put the play on once before, there is no doubt but that it will be the best.

The play will be given Friday afternoon and evening of this week, matinee in the afternoon and the final showing Friday night, beginning at 8 o'clock. Tickets are now on sale at the Gwin & Mays Drug store and those who want desirable seats should get them early.

And now the women want "simpler and more liberal divorce laws." When one checks over the record of divorce decrees in Oklahoma he wonders how the process of getting united could be made any simpler or why anyone should want it more liberal.

THE LATEST GAG

Correcting His English.

Small Son—"I seen that Tommy Jones today, mother, and I bammed the little boob on the dome."

His Mother—"What terrible English, Everett! You should say I SAW Tommy Jones today and bammed the little boob on the dome."

HE'D BE BABE RUTH OF NATIONAL LEAGUE

George Kelly completing one of his home run swings and stretched out after a high throw at first base.

George Kelly, young elongated first baseman of the New York Giants, seeks to become the Babe Ruth of the National league batters. Right in Babe's home town Kelly is keeping abreast of the Big Bambino in the matter of swatting the ball over the fence. Kelly collected four home runs in the first nine games the Giants played, which is a fair pace for any home run artist. Elmer Smith of the Indians and Bob Meusel, teammate of Babe's are giving Ruth a run for the homer honors in the American league.

State News

CLINTON—Masons of Clinton propose to erect a $125,000 temple here.

DUNCAN—Paving to cost approximately $85,000 will be laid in Duncan within next twelve months. Contracts for this paving have already been let.

CUSTER—A movement is under way here to secure an interurban line between Clinton and Woodward. The proposed line would pass through Putnam and Taloga.

OKLAHOMA CITY—The Mexican government is soon to establish a consulate here, accord to announcement made at Mexico City. The consul has not yet been named.

PONCA CITY—The Kay county Free Fair will be held here during the week of September 12. Ponca City outbid Blackwell and Newkirk to secure the fair.

SHAWNEE—The Ashby bridge spanning a branch of the Canadian river will be dedicated with appropriate exercises May 6. The bridge is an important link in the Shawnee-Ada road.

CHICKASHA—Watermelon growers of Grady county will meet at Rush Springs May 7 to discuss crop and marketing conditions. The meeting was called by County Agent A. F. Houston.

BARTLESVILLE—Actual construction of the concrete highway between Bartlesville and Ramona was to start this week. The roadway is to be constructed of concrete. It is 7 miles long.

OKLAHOMA CITY—Fishermen attention! State Game and Fish Warden Ben Watt has issued two books, "Where to Fish" and "Where to Fish for the Variety Your Palate Chooses," which you'll find interesting. All state fish regulations were removed May 1.

OKLAHOMA CITY—Salvation army officers of the southwest division will meet here in annual conference, May 4 to 7. This division includes the states of Oklahoma, Texas, Louisiana and Arkansas. Five hundred are expected to attend the conference.

OKLAHOMA CITY—Aerial police squads are coming into vogue in Oklahoma cities and towns. At least a dozen cities now have such a department. Members of the force are generally commercial aviators who serve when the emergency arises. Among those who have "air police" are Oklahoma City, Muskogee and Tulsa.

CHEYENNE—Eva Hewitt and "Jack" Duff, charged with complicity in the robbery of a general store here, were to be arraigned in district court here today. Their companions-in-crime, Will Tait and Olsu Gobin, are now imprisoned in the state penitentiary awaiting execution for the murder of Russell Sprague, Lawton taxi driver. The quartet were arrested near Perryton, Tex., early in April.

DUNCAN—Residents of Duncan will go to the polls May 5 to pass on a proposal to issue $800,000 in bonds for public improvements. The improvements contemplated include water, light and sewer extensions.

TECUMSEH—Suit to recover $12000 for the bank guaranty fund filed by the state, against J. F. Buck of Shawnee, will be heard here soon. The suit is an outgrowth of the failure of the Security State Bank of Shawnee.

TULSA—The Confederate Veterans, the sons of Confederate Veterans and United Daughters of the Confederacy will be in annual state convention here June 7 to 9. Josephus Daniels has been invited to address the delegates at a joint session. More than 400 delegates are expected to attend.

NORMAN—Five dormitories for men and women will be erected at the university grounds here if the plans of university authorities do not go awry. A woman's dormitory will be erected this year. It will cost approximately $100,000. The appropriations for the new buildings were recently voted by the legislature.

PRYOR—Date for the trial of Bush Woods, B. E. Hays and Charles Brackett, charged with robbing the Locust Grove State Bank, April 25, was to be set when district court opens here May 7. The trio are now confined in the county jail here. Brackett is said to be a member of the famous Starr gang of bandits.

BARTLESVILLE—The trial of Lionel Sutter, charged with assault with intent to kill in connection with an attack on Laudine Cole, 16, his sweetheart, at her home here April 14, was to open in Judge W. T. Tyndall's court May 5. Sutter is alleged to have slashed the girl's throat several times with a razor. Miss Cole at first told the authorities "an old man" had attacked her. Later she admitted, authorities said, that she and her lover had quarreled and he had attacked her with a razor.

OKLAHOMA CITY—New officers of the Oklahoma Cotton Growers' association, elected at the recent convention in Oklahoma City are: D. C. Welch, Lawton, president; S. J. Spillman, Hana, vise-president; H. V. Kahls, Oklahoma City, secretary and treasurer; executive committee, Sam Williams, Elk City; J. B. Hammons, Konowa; C. C. Hilquist, Muskogee; J. W. Vanderwort, Madill; D. R. Owens, Chandler; A. L. Thornton, Chickasha; Taylor Bowles, Hedrick; Worth Randolph, Wynnewood and J. B. Borns, Lindsay.

OKLAHOMA CITY—Legislators here predict the special session will end not later than May 20.

OKLAHOMA CITY—Lewis Paullin, recently appointed pardon and parole attorney, will assume his new duties at the state house this week. One of the first cases he will be called upon to pass on are those of Will Tait and Cleo Gobin, convicted at Lawton of the murder of Russell Sprague, Lawton taxi driver, and sentenced to die in the electric chair at the state penitentiary in June. Paulin formerly was county judge at Durant.

Shawnee Morning News: Now let's not exactly abandon our business just because the oil situation looks encouraging. Rather than do that, let's get our business in shape so it will augment the development that oil may bring.

McALESTER—Three men are now occupying cells in death row at the state penitentiary. They are Will Tait and Cleo Gobin, who are scheduled to be executed in June for the murder of Russell Sprague, of Lawton and Charles Walker, negro, sentenced to dies for killing another convict. Walker's sentence has been appealed to the criminal court of appeals.

MOTHER GAVE IT

Virginia Lady Suffered With Aches and Pains Until Mother Began Giving Her Cardui.

Dublin, Va.—Miss Mary Alice Hughett residing on Route 2, near here, recently told a visitor of her interesting experience with Cardui. Miss Hughett said: "I had been suffering for some time with painful . . . I was pale, didn't feel like going. Would just drag around, and couldn't rest to do any good. I would suffer once a month with my back, sides and head. My limbs would ache and I didn't know what to do, but I knew I must do something, for I didn't get well by letting it run on.

"My mother is a believer in Cardui, for she saw what it did for others as well as herself, so she began giving it to me.

"It wasn't long before I saw a change. It was just what I needed. It regulated me. I began to eat and sleep, and the pain stopped.

"Cardui is without doubt the best female tonic made, and I am glad I can recommend it to others."

If suffering with symptoms such as Miss Hughett mentions, or other ailments peculiar to women, why not begin Cardui at once? Its merit is well established by successful use for more than 40 years.

THE MERRY JOURNEYS OF MARY JANE

Mr. Sly got red in the face when Mary Jane spoke to him

Mary Jane and the Little Red Fox

ONE day Mary Jane was going to school, and she met Mr. Sly, the red fox.

Mary Jane said, "Good morning. You ought to be ashamed of yourself for stealing old Mrs. Gamp's chicken last night. Don't you know she was saving that chicken for when the minister was coming?"

Mr. Sly got red in the face. And then he said he was going along peaceably, minding his own business, and then her old hen ran right out and bit him. So what could he do? He had to protect himself, didn't he?

When Mary Jane heard this, of course, she was very sorry she had blamed Mr. Sly. Mary Jane did not know he was not telling the truth. And so she sat down on a big log by the side of the road and opened up her lunch basket, and she and the little red fox had a party.

But the best of all were the two big slices of bread spread with Mary Jane Syrup and put together. Mary Jane ate one and Mr. Sly ate the other. And Mr. Sly said that nothing was so good as Mary Jane Syrup. And never again would he eat chicken. And he didn't.

SALES TAX HERE ANALYZED GOOD

Would Tend to Pyramid Prices One Objection Advanced.

WASHINGTON, May 2.—Within a few more months, you may have to pay a special "overturn sales tax" every time you buy anything.

This proposed sales tax, apparently favored by a majority in congress, would take the place of the excess profits tax, which is scheduled for repeal. However, the objection voiced to the "overturn tax" is that it would tend to pyramid prices on each successive sale.

Congress is dividing into two factions over the method by which the sales tax should be applied.

Both factions have about agreed that the rate of the sales tax should be one percent of the selling price.

Faction No. 1 wants the sales tax to apply only to retail purchases by consumers.

Faction No. 2 wants the tax applied to all sales, beginning with raw materials and gradually accumulating and being passed on to the consume every time a sale is made in the long chain of sales involved in manufacture and distribution of commodities.

17 Cent Tax on Overalls.

You would pay a total tax of at least 17 cents on a pair of overalls, if the sales tax were collected all along the line from cotton grower to retail seller. This is the estimate of B. S. Orcutt, a Wall Street Journal writer. He figures it out like this:

The cotton grower, when he sold his cotton that goes into the overalls, would pay a tax of 1 percent. Another sales tax of 1 percent would be added when the cotton, converted into cloth was sold to the overalls manufacturer. Similar taxes would be added to selling price by makers of thread, buttons, buckles, etc.

Then another tax of 1 percent would be added to selling price when the overalls manufacturer sold to the jobber, when the jobber sold to the retailer, and when retailer sold to consumer.

Tax on Auto Tires.

With an "overturn sales tax" in effect, the buyer of a 30x3 1-2 cord automobile tire, retailing at $35.10, would pay a direct sales tax of 1 percent—or 35 cents.

But he would also pay an additional 79 cents, representing sales taxes collected from sales of crude rubber and cotton and the various other sales of raw materials and manufactured good that take place before the tire reaches the consumer.

Thus, on a $35.10 auto tire, the consumer would be paying a total or accumulated sales tax of $1.14, or three and a quarter precent of the sales price.

These figures on how a sales tax would apply on tires are furnished by Horace De Lisser, president of the Ajax Rubber Co.

Like the Luxury Tax.

Special sales taxes already are being paid by American people on about 100 articles—cigarets, toilet water, patent medicine, furs, expensive gowns, etc.

The proposed "overturn sales tax" would apply practically the same idea to nearly all purchases by consumers.

Some tax experts believe that the tax should not be collected on purchases under $1, because the tax would be only a fraction of a cent. To protect newsboys, small farmers, etc., it is suggested that no sales tax be paid by sellers whose sales are less than $500 a month.

Pimples and blotches on the skin are caused by bilious impurities in the blood. The right remedy is Prickly Ash Bitters. It removes the cause by purifying the blood, liver and bowels. Price $1.25 per bottle. Gwin-Mays Drug Co. Special Agents.

Gay Electric Buys Stock of Unique; Are Incorporated

The Gay Electric company, which established a store at this place here only a few months ago, with L. W. Drummond as manager, have found such an increase in their business that they decided to take over the Unique Electric company. This was put into effect yesterday, when the deal between the two stores was closed.

They have also received a charter froom the state and are now an incorporation with head offices at Chickasha and a branch store here. They were incorporated for $25,000 and are now in a position to give the best of service in the electrical line.

The store will be at the old stand on South Broadway and the fixtures and supplies of the Unique Electric Co., will be moved to that place. The new officers are F. G. Gay, pres., T. B. Losey, vice-pres., E. L. Hope, sec., and L. W. Drummond, treas, and also manager of the Ada store. All these men are the stockholders in the company.

PARISIENNE DANSEUSE LIVES IN TENT ON HOTEL ROOF FOR SAKE OF BEAUTY

Mlle. Evelyn Valle in her roof-tent room on top of the Hotel Nassau.

Mlle. Evelyn Valle, Parisienne dancer, who has come to this country to introduce new dances on Broadway, found New York climate too stuffy and so she had a tent erected on the top of her hotel. Her novel apartment is equipped with every modern improvement, including electric light, telephone and running water. Mlle. Valle will appear shortly introducing the Portugese Fado and Brazilian Cavaquaniho, her two new dances. King Alphonse of Spain declared his admiration for this pretty dancer when she introduced the shimmy in his country.

URGES MORE ATTENTION TO STATE STOCK RAISERS

(By the Associated Press.)

STILLWATER, May 3.—Declaring that the livestock industry in Oklahoma offers unusual possibilities and pointing out various reasons why the state and its stockraisers should show a more active interest in its development, L. Blizzard head of the animal husbandry department of the Oklahoma A. and M. College, today appealed to all stockraisers in the state for a more concerted campaign in stock raising in the ensuing two years.

"With Oklahoma's eight million acres of land in pasture, together with native meadow, all of which is suited to raising cattle, the state should be destined to become one of the leading livestock states in the union," Mr. Blizzard's article reads. "This combination, which is characteristic throughout the state, makes it especially well adapted to cattle raising and livestock farming in general."

Professor Blizzard set out the following reasons why the state affords more production and better grades of cattle.

"A comaparatively long grazing season with fall and winter wheat and rye pasture. This cheapens the cost of producing beef.

"The land in this state is capable of producing rough grades in large quantities. Cattle are the only class of livestock that utilize these rough ages to any extent.

"Such crops as cane, kafir, feterita, milo, and darso can be grown extensively and they make excellent silage crops insuring cheaper beef.

"Corn, oats and alfalfa hay, all ways reliable beef producers, have a large acreage in this state.

"The protein supplements such as cottonseed meal and other cotton seed products are produced in large quantities in the state and for this reason can be purchased without heavy freight bills to pay.

"Compartively short and open winters, meaning that it is not necessary to house cattle for any great length of time."

An appeal is also addressed for a greater production of registered cattle. The statement says that this field is just beginning to open up, which means that more pure-bred bulls will have to be produced.

"The farmer in Oklahoma, as a whole, is commencing to realize the importance of better blooded cattle and also to appreciate the value of the pure-bred bull in improving the cattle stock." Prof. Blizzard writes. "I venture to say that if every man who is producing cattle would come to a realization of the fact that he would afford to use a pure-bred bull, it would take 10 to 12 times as many than are being produced for the next 12 years."

The statement goes on to say that the war on the tick is opening a new field as with elimination of the tick stock raisers will naturally want better cattle. "With scrub stock, early maturity is impossible and the maximum utilization of feed can not be obtained and the only way out of the difficulty is for this kind of a stock raiser to keep nothing but the good kind," says the statement.

Now to select and judge a good bull and the art of beef judging also is contained in the statement.

Is Green no More

"My experience with your medicine has been wonderful. My stomach and liver trouble of five years standing took a new turn two years ago when I took on an olive green complexion. I spent $1,200 with doctors and specialists only to prove that I was still as green as ever. A friend advised me to take Mayr's Wonderful Remedy, and I am green no more. My stomach and liver trouble has all disappeared." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

LARGE SUM WILL BE APPROPRIATED

(By the Associated Press)

OKLAHOMA CITY, Okla., May 3.—Three hundred and seventeen thousand dollars will be provided school districts of the state that have voted or levied 15 mills for current expenses for the fiscal year ending June 30, in House Bill No. 18, introduced in the extraordinary session of the legislature by representatives Harris and Cummings. The bill also allows portions of the fund to those schools without funds to complete the term.

The appropriation, if passed, will be pro-rated among the several counties in the proporation to which taxes were collected from the counties in the year 1920, the bill says. Any school district desiring to taxe advantage of the appropriation must file with the department of education.

The valuation of the district as shown by the last preceding estimate, number of mills voted and number of mills levied, the amount asked for in the budget for the purpose of paying teachers' salaries, the amount approved by the excise board for the purpose of paying salaries, and the unexpended balance of the estimate approved for this purpose at the time of application.

The bill also provides that the aid given by the state shall be used solely to pay teacher salaries under contracts now in existence. No one district shall receive an amount in excess of $150 per teacher, nor more than $3,500 for any district.

An allowance of $2,000 is permitted the state superintendent for clerical help and other necessary expenses in apportioning the money. Any money not appropriated nor drawn from the treasury before July 1, shall revert to the general fund, under the terms of the bill.

A nice, pleasant purgative that also has a genial stimulating effect in the liver and stomach is one reason why Prickly Ash Bitters is so well liked by men who have used it. They find it a good medicine for the whole family. Price $1.25 per bottle.

ADA LABOR ORGANIZATION TO HOLD MEET TONIGHT

The Ada Labor organization will hold its regular weekly meeting in the district court room tonight.

The attendance at the last few meetings has been small, but a larger crowd than usual is expected to attend tonight. A speaker will be on hand to deliver an address on a subject of his own choosing.

Snake Oil
Will Positively Relieve Pain in a Few Minutes
Try it right now for Rheumatism, Neuralgia, Lumbago, sore, stiff and swollen joints, pain in the head, back and limbs, corns, bunions, etc. After one application pain usually disappears as if by magic.
A new remedy used externally for Coughs, Colds, Croup, Influenza, Sore Throat, Diphtheria and Tonsilitis.
This oil is conceded to be the most penetrating remedy known. Its prompt and immediate effect in relieving pain is due to the fact that it penetrates to the affected parts at once. As an illustration, pour ten drops on the thickest piece of sole leather and it will penetrate this substance through and through in three minutes. Accept no substitute. Get it at

Mrs. J. B. McCollum of Centrahoma, entered the hospital for treatment yesterday.

Dan Newton of Ada, who underwent an operation Monday for appendicitis is doing nicely.

E. M. Chapman of Fitzhugh, who underwent an operation ten days ago for hernia has almost recovered and will be able to return to his home within a few days.

Roger Woods of Stratford who underwent an operation Sunday night for appendicitis, is doing nicely.

Mrs. Alice Hisaw, who lives south of Ada, is recovering nicely from an operation for appendicitis, performed Saturday.

Clovis Colvin of Ada who underwent a successful operation Saturday for appendicitis is getting along fine.

Mothers' Day Service

Mothers' Day services will be held at the Methodist Church next Sunday morning. There will be a special program of music. The church will be beautifully decorated, and the whole service will be in keeping with the occasion. The pastor will preach a sermon on "Memorials to Mothers." It is fitting that on this occasion every one should honor mother by wearing a suitable emblem and attending a service in which beautiful tributes are rendered to mothers who have departed this life, and honors are shown those who yet remain to bless us with their presence.

THIS WOMAN'S EXPERIENCE

Brings a Ray of Hope to Childless Women

Lowell, Mass.—"I had anemia from the time I was sixteen years old and was very irregular. If I did any housecleaning or washing I would faint and have to be put to bed, my husband thinking every minute was my last. After reading your text-book for women I took Lydia E. Pinkham's Vegetable Compound and used the Sanative Wash, and have never felt better than I have the last two years. I can work, eat, sleep, and feel as strong as can be. Doctors told me I could never have children—I was too weak—but after taking Vegetable Compound it strengthened me so I gave birth to an eight pound boy. I was well all the time, did all my work up to the last day, and had a natural birth. Everybody who knew me was surprised, and when they ask me what made me strong I tell them with great pleasure, 'I took Lydia E. Pinkham's Vegetable Compound and never felt better in my life.' Use this testimonial at any time."—Mrs. ELIZABETH SMART, 142 W. Sixth St., Lowell, Mass. This experience of Mrs. Smart is surely a strong recommendation for Lydia E. Pinkham's Vegetable Compound. It is only one of a great many similar cases.

THE KINGDOM OF GOD cometh not with observation: Neither shall they say, Lo here! or, lo there! for, behold, the kingdom of God is within you.—Luke 17. 20, 21.

For the kingdom of God is not meat and drink; but righteousness, and peace, and joy in the Holy Ghost.—Romans 14. 17.

CARELESS PEOPLE PAY

Determining the cost of insurance—technically called rate making—is a subject not sufficiently under stood by the public.

Rates on various classes of property are based on the law of averages resulting from the observation of thousands of similar fire losses.

Specially trained experts, (not insurance companies,) after years of study and experience are called upon for this service and in practically every instance more effort is expended by these experts in giving the insuring public the facts upon which their conclusions are based than in communicating them to the companies involved.

Every rating bureau has a force of inspectors and engineers who visit industrial and commercial plants, free of cost, and give expert advice on fire prevention and suggest improvements if possible by which the insured can lower his rates if he wishes. Practically every element of cost in fire insurance is subject to modification by the public, and it is really the people and not the insurance companies who fix insurance rates.

Insurance companies do not start or cause fires. They are by no means responsible for fire waste, the large percentage of which arises out of careless habits everywhere prevalent.

People who disregard the simple rules of fire prevention are called upon to pay for their indulgence in habits of carelessness.

The insurance companies maintain the rating bureaus to educate the public in regard to fire hazards and to make equitable rates.

IMPOSSIBLE COMBINATION

The attitude of organized labor toward the financial ventures of North Dakota under the non-partisan league is described as one of "friendly consideration" by Matthew Woll, vice-president of the national federation of labor, in an interview which will appear in the journal of the photo-engravers' union.

Mr. Woll, who, as a member of the federation's executive council, recently heard an appeal from North Dakota officials for labor's assistance in floating a state bond issue, asserts that the council "did not indorse the non-partisan league," but it did ally itself with the farmers of America against the financiers of Wall street.

If organized labor could gain control of industries and organize farm labor so that it could call a strike on either the producing or distributing end of the nation's business, it would have the American public by the throat and make its favorite "wolves" of Wall street look like pet rabbits.

MAKING EMPLOYES STOCKHOLDERS

The Union Pacific Railroad is setting a great example in its system of enabling all employes to become stockholders.

Its system of dealing directly with its thousands of employes on a partial payment plan is being taken up by other large companies.

The Portland Railway Light and Power Co. sold direct at par a million dollars of its securities to employes and customers.

The Standard Oil Co., of California is placing $15,000,000 of its stock in the hands of its employes on easy terms to them.

Managers of large public service corporations can work out great changes in public opinion when they make their workers profit sharers.

Few individuals in such organizations will strike at their own homes and at their own bank accounts knowingly.

FEEDING THE HORSE

In discussing the public utility situation, E. K. Hall of the American Telephone and Telegraph Company said:

"When a man owns a horse, he knows that if he wants that horse to serve him he must feed the horse. That is a simple proposition. He understands it because his everyday experience proves it to him. It is exactly the same proposition with the public utilities today, only it is not so easy to make him see it as it is in the case of the horse."

Rates and horse feed are a whole lot the same. It costs more to feed the horse and it costs more to run a utility than it did ten years ago.

The Editor of the Press

Durant News: The man who originated the frost proof cabbage plant idea, should try his hand on beans, tomatoes and then get out a hail and frost proof peach, plum and pear, and we will put him in with Edison and Burbank as a

* * *

FORT WORTH RECORD: "Wilson should be kicked out," wrote the German kaiser in the summer of 1917, when Pope Benedict's attempted peace mediation failed. And then they kicked the kaiser, and kicked him so hard that he landed in Holland.

* * *

The Pathfinder: If Bob Ingersoll had lived until now he would have become a Christian. He once vowed that when Missouri went Republican he would join the church. When he made that promise he thought he was citing something that was beyond all possibility—but the "impossible" often happens, especially in politics.

* * *

Chickasha Express: In calling a special session of the legislature Gov. Robertson undoubtedly responded to the sentiment of the vast majority of the people of the state. If the law-makers want to do likewise they will proceed to transact the necessary business promptly and then adjourn.

* * *

Shawnee News: Extremely wealthy men who have lived lives of intemperance and immorality are fast reaping their reward in one form or another, indeed, this year seems to hold the record for the number of this class who have met violent deaths. Their lives have been known to everyone and their final endings should act as a deterrent to otherwise well balanced persons who suddenly acquire great riches.

* * *

Wichita Falls, Tex. Times: Between the wage controversy and the proposed congressional investigation the public will learn more facts about the railroads of the country than has heretofore been known. The railroads have been getting their side of the wage controversy before the public through the hearings before the board and by propaganda mailed broadcast. Likewise the employes. The congressional investigation will be conducted through public hearings which will again result in much publicity, by the time this investigation is concluded the public ought to be fully informed on the railway problem.

FILM SMILES -and so forth By Hi Speed

MOTHER EVE started this "vamping" business and as a result censorship of the screen impends. Those who favor official control advocate freedom of the "seize" while diplomats of filmdom seem to fancy freedom of the squeeze. And there you are!

Gone are the nickleodeons of other days where sleep was sweet and the price within reach of all.

Photoplaying certainly works wonders. "The Shadow of Rosalie Byrnes," when cast upon the screen, becomes Elaine Hammerstein.

If you are wildly interested you will soon see photoplayed what's "In the Heart of a Fool."

"Moonlight" is the title of a new film. There is sure to be "moonshine" in the "stills."

"Skirts" and "Shame" are new films forthcoming from the same producing firm. One of them is a bathing girl picture.

A famous editor once remarked that "one picture is worth a million words."

Photoplay producers seem to take him seriously in the matter of subtitles.

Film Chat in Short "Takes"

"Rest for the Weary" is an Owen Moore photoplay title that savors of Spring fever.

Star will direct star when Ralph Ince supervises Conway Tearle's next Selznick picture.

"The Dollar a Year Man" may make up that difference in salary now that he has become a film.

"Ghosts of Yesterday" must not be expected to recall the spirits of days before prohibition.

When Griffith films "Faust" it is rumored John Barrymore may play Mephistopheles and Lillian Gish Marguerite.

NOTICE

City water consumers must pay accounts by the 10th or service will be discontinued

W. S. SMITH
Commissioner Public Works

AN INTERNATIONAL "PALSHIP" URGED TO SAVE CHINESE

THIS typification of a Chinese famine victim, drawn by a Chinese artist and used in famine appeals in the Far Eastern Republic, will become familiar to hundreds of Americans during "China Famine Week," May 1 to May 8.

During this week friends of China will be asked to demonstrate their friendship by responding to the slogan, "Pick a Pal in China." "Send What You Spend in ONE DAY to China" is the supporting appeal, the American Committee for China Famine Fund hoping that a figurative "international palship" will result in American men, women and children selecting, in effect, a Chinese "pal" for a day and sending what they would spend on themselves or a friend in one day to local committees, banks, newspapers or direct to Vernon Munroe, treasurer, Bible House, New York City.

The picture shown herewith will appear on pamphlets and other printed matter which will be used by church and other organizations during "China Famine Week." Cablegrams from China appealing for funds to save the "last 5,000,000" victims whose only hope is in America, and saying that the growing grain will be devoured in the next several weeks unless the farmers are given other food caused the American Committee and its Church Cooperation Committee to set the special week.

Increase Is Shown by Ada Churches in Sunday School Work

The Ada Sunday schools at the leading churches are increasing steadily.

Among the churches that report a large increase is the Baptist, Methodist, Presbyterian and Christian. The Presbyterian church and Methodist church are both enjoying large increases in their classes and if the work progresses during the summer with such noted success they will all have crowded rooms in a short time.

The following is the report given for Sunday May 1:

Church	Att.	Col.
Baptist	518	$21.00
Methodist	339	16.00
Christian	235	8.31
Nazarene	208	14.44
Church of Christ	195	25.00
Presbyterian	117	8.96
Oak Ave. Bap.	124	2.24
Total	1,736	$80.95

SIMPSON'S
THE SURPRISE STORE
115-117 WEST MAIN ST.

The Daffodil

The crocus to the tulip said:
"For all her virgin gold
The dainty daffodil is not
So innocent, I'm told.
'Twas whispered to me by the fern
who heard it from the lily,
She once was wild as she could be,
And known as daffydowndilly."

"She bore the name of jonquil, too,
And passed as asphodel,
Narcissus has been one of her
Aliases as well.
And though she queens it royally
When April suns are mellow,
Her fond admirers must admit
The daffodil is yellow."
—Minna Irving in the New York Herald.

* * *

Mrs. Alice Benton of Shawnee was a visitor in the city yesterday and today.

MURDER CASE IS UNDER HEADWAY

(Continued from page 1)

outlined the state's case to the jury mentioning briefly what the evidence submitted by the state would be. The defendant attorneys reserved the right to make their statement at the conclusion of the state's testimony.

B. F. Sanders of 419 East Main, was the first witness for the state. The witness said that on March 10, this year, he was one of the proprietors of the Byrd hotel, located at the corner of Twelfth and Townsend, in this city.

About 10 p. m., the witness said, he was at the desk in the hotel. The defendant entered the hotel about that time and asked if he could furnish him a room on the first floor, for himself, his wife and daughter. The witness said he was busy at the time and asked the defendant to bring his family into the office, where they could rest until he had time to wait on them. Marshall answered that they remain in the automobile until the room was ready.

Signs "Ben Benson."

In a few minutes he notified Marshall that his room was ready. Marshall signed the hotel register "Ben Benson and wife," paid a dollar for the room and went to the room with the woman and little girl. The witness described the room by saying it was on the south side of the hotel, on the ground floor, near a hall door, which opened on the Twelfth street sidewalk.

The man, woman and child, retired to their room a few minutes after 10 p. m., and he saw them no more that night. The car in which they had arrived was parked at the south side of the hotel, just across the sidewalk from the hall way door.

Witness said he went to defendant's room at 7 o'clock the following morning, March the 11th, the day of the shooting. He rapped on the door and asked if they wanted breakfast. Marshall answered that they did. He returned to the room other times, urging them to come to breakfast and, about 8 o'clock, he went to the room and told them that a rain cloud was coming up and that they had better place their car in the shelter. Marshall answered, the witness said, "Let it rain I don't give a damn." Witness left the hotel at 8:30 and did not see the defendant again, until the preliminary trial.

Room For Night Only.

On cross examination, attorneys for the defense asked the witness if the payment of the room rent did not entitle the defendant to the possession of the room for 24 hours from the time he entered it. The witness replied that Marshall has only asked for a room for the night, and that no particular rule had been adopted by the hotel management with reference to the length of the time a person might occupy a room rented for the night.

The next and final witness for the state at the morning session was E. J. Jenkins, who was also one of the proprietors of the Byrd hotel an dwas in charge March 11, the day of the shooting.

Jenkins said he went to room occupied by the defendant and the woman and girl, about nine o'clock and demanded possession of the room. Receiving no satisfactory answer he called for the city police.

Officers Barnett and Matthews responded and went to the room at his direction where they knocked on the door. No response came from within and the door was not opened. Fifteen minutes later Marshall opened the door, explaining that he would have done so sooner, but his wife was dressing.

Describes Shooting.

The witness next saw the defendant a few minutes later, when he entered the hotel office from the dining room, running closely pursued by Deputy Sheriff Nebhut. As the defendant reached for the door knob to leave the hotel office Mr. Nebhut grabbed him by both arms, from behind. The two men scuffled about the room a few seconds and finally Marshall succeeded in wrenching his right arm free from the officer's grasp. Witness said he saw Marshall pull his automatic pistol with his free right arm and point it at Mr. Nebhut, two or three times. Mr. Nebhut tried to take hold of the gun, but Marshall pulled it back out of his reach two or three times and then fired the fatal shot.

As the report of the shot rang out Mr. Nebhut released Marshall and placed his hand on his wound, saying, "I am hurt." Marshall hurriedly opened the door and jumped from the room. As Marshall started to run south on Townsend avenue Mr. Nebhut stepped out of the hotel office and fired at him three times, Marshall returning the fire with two shots.

Before going to Mr. Nebhut's assistance, who had fallen in the street in front of the hotel, the witness saw Officer Mc Daniel shoot at Marshall, but directed all of the further attention to Mr. Nebhut and knew nothing more of the affair.

The witness was certain that Mr. Nebhut did not pull his gun, nor undertake to shoot Marshall, until Marshall shot him and escaped from the room.

Court adjourned until 1:15 p. m., when the state had finished examining Jenkens and the attorneys for the defense will conduct the cross examination at the afternoon session.

All of yesterday was taken up in an effort to secure a jury to try the case. Because of the popularity of the slain officer and the publicity given the case by the newspapers, a great many of the men on the panel had become familiar with most of the details connected with the case and most o them were disqualified for that reason.

Ninety Men Examined.

At 10:30 this morning after ninety men had been questioned touching their qualifications to serve as jurors, the last man was secured, the final challenge and the case got under headway.

Attorney D. W. Huffer appeared at the defense council table with Attorneys A. C. Chaney and John Crawford, when court opened this morning, and will take active part in the defense of Marshall.

Marshall sat at the table with his attorneys, calm and collected, never indicating by any sign that he appreciated the gravity of the situation.

The state may be able to complete the introduction of its testimony this afternoon and it is thought that the case will be in the hands of the jury by tomorrow noon.

The following men are serving on the jury: Jessie Warren, L. B. Brandon, Albert Moss, W. C. Rose, Clarence Chandler, John Morper, W. J. Jones, A. H. Gadbery, W. A. Sanford, E. W. Deathridge, J. D. Soloman and A. R. Rogers.

GO TO THEATRE

At the McSwain

What would Billie Burke wear if she were in Paris? That is an interesting question that is answered by Miss Burke herself in "The Frisky Mrs. Johnson," her latest Paramount picture, which will be shown at the McSwain Theatre Today. The action takes place in the gay French capital and to gown herself fittingly Miss Burke ordered her costumes at an expense of thousands of dollars from Paris. Needless to say, Miss Burke surpasses any of her past sartorial efforts in this production.

As Belle Johnson, an American widow, Miss Burke has a characterization that is admirably suited to her engaging personality. She is ably supported by Ward Crane, Huntley Gordon, Lumsden Hare, Leonora Ottinger, Jean de Briac and others. Edward Dillon was the director.

The fixtures of the new cafe on West 12th street are being painted and other last minute details worked out preparatory to opening for the public. Those in charge are experienced in this business and expect to make it one of the most up-to-date cafes in the city.

A chicken pie dinner was served at the First Christian church today by the ladies of the church. From 11:30 until 1 o'clock the doors were opened to all and they report a good patronage. The proceeds will be used by the ladies of the church for defraying expenses and will be put to the best advantage by them.

The Marinella Beauty Parlor announces the arrival of a complete supply of toilet articles and that everything necessary is now to be had. They also state that they are in a position to give the best of service and invite those interested to come up and inspect the shop. They are located over the Rollow Hardware store.

GOOD OIL STRIKE IS MADE IN WELL WEST OF WETUMKA

By News Special Service.

WETUMKA, Okla., May 4.—A good showing of oil and a strong pressure of gas was found in the Cecil Andy well No. 1 in section 9-9-10, owned by Dr. Wilhoit and associates of Kansas City, late Tuesday afternoon. The strong pressure of gas caused the oil to flow over the derrick and interest in oil is rapidly growing.

Conservative estimates of the well state that it will make about 150 to 200 barrels per day when shot. However a difficulty was encountered when the gas which was struck at 1,400 feet broke through and cut off the oil, which was found at 2,100 feet. The operators expect to be able to shoot the well about Monday and from reports that were received here today the sand is good enough to make a paying well. Interest has been shown in this well for some time and a strike has been expected.

High Seniors Give Entertainment to Faculty Last Eve

The senior class of the high school entertained the high school faculty at the high school auditorium last evening, and a most interesting program was rendered. The entertainment took on the nature of a farce comedy, in that the program portrayed the opening of "the Ada College," the senior students playing the parts of the college faculty, and the high school faculty constituting the audience.

Written invitations had been sent out announcing the opening of Ada College in the high school auditorium Tuesday evening, and the plan and program of a college opening was carried out to the letter.

The guests were met at the entrance by the dean, Don Evans, Harvey Neely, Viola West and Ora Ewing, registrar. They questioned the applicants and presented them with examination blanks and registration cards in the regular manner.

A full faculty of teachers were represented, and the departments assigned were as follows: Chas. McKellar, history department; Claine Roach, astronomy; Marguerite Anderson spelling; Webb Riddle, botany; Bernice Roach, physical education; Guy Meaders, music.

After the program proper the guests and all repaired to the domestic science department where they were served with elegant refreshments. Every guest received a diploma signed by the dean and other officers of the college.

The entertainment was most interesting throughout, and the faculty was pleased with the honor conferred upon them by the seniors.

You Can Buy a Lot in BELMONT ADDITION for ONE DOLLAR A WEEK

No Interest or Taxes for Two Years

Large enough for gardens or chicken raising. Potatoes will cost only 25 cents a bushell if you raise them yourself. Make Money While Saving Money. Immediate Possession.

On Addition Evenings After 5:30 o'clock

OUR PLACE ON SUPREME COUNCIL IS UNKNOWN

(By the Associated Press.)

WASHINGTON, May 4.—Decision as to American representation on the allied supreme council and the reparation commission was held in abeyance today, pending receipts of the invitation from the allied governments.

Before discussing the question in any way, state department officers preferred to await the official text, as the extent of the desired American participation in the whole reparation controversy has not yet been made clear.

In some administration quarters today, expression was given to a doubt that the United States would consent to formal representation on the supreme council, but it was suggested that it was possible that an unofficial observer would be named to sit in at the session.

Centenary of Napoleon

(By the Associated Press)

PARIS, May 4.—France today began a two days observance of the centenary of the death of Napoleon. At 5:40 this afternoon a salvo of artillery at the Invalides will mark the passing of a century since the death of the great warrior and will close the exercises.

Complete Line of New Oxfords For Men

Just unpacked yesterday are many different styles of the new oxfords for summer wear. Included is the Crawford Shoe—a Shoe of National fame for its quality at less than other prices. New Nettletons are also included at almost 75% reduction over last spring.

Men's oxfords in Black, Brown, and Mahogany kid, blucher, Russia calf, and Vici. Broad toes, English and Medium in complete range of sizes from 5½ to 11 with lasts from AA to D. Shoes that sold for $12.50 and $13.50 last spring at the new prices of

$8.95 and $9.95

New Nettletons

The Nettleton shoe is still a little above the pre-war price but for the man who buys a high grade shoe, will find a fit here, and at some below what he would pay elsewhere. Vicis, Russia calfs and Kids in Brown and Black in wide and narrow widths, at

$12.50

Oil Field Clothes Bought Especially for the Oil Men

OIL FIELD SUITS

Heavy Khaki duck suits that are very popular with other fields.

The famous Finck brond, suits	$7.50
Pants, straight	$2.95
Pants, lace bottoms	$3.50
Coats,	$4.95

Lee Unionalls $3.95

The standard duck Unionalls for oil men that prefer them to separate garments.

Steam Proof Gloves

Dozens of kinds and just as many grades of good gloves for the oil men—gauntlets, and short lengths. Asbestos gloves that are a favorite with the driller—guaranteed steam proof. Come in and inspect our varied assortment.

Shaw's DEPARTMENT STORE

MANY APPROPRIATION BILLS ARE INTRODUCED

[By the Associated Press]

OKLAHOMA CITY, Okla., May 3. Introduction of approximately 80 bills, passage of deficiency appropriations totaling more than $700,000, weeding out of the 41 bills introduced in the house to seven and a favorable house committee report on soldier relief totaling approximately $1,500,000, marked the progress of the opening five days of the first week's session of the extraordinary session of the legislature which convened here April 25.

Starting off with almost a wholesale dumping in of appropriation bills of every description, the house and senate alike took on the earmarks of machine like business during the first week, settling rapidly into an attitude of legislative activity. Following the specifications outlined in the governor's message, during legislative discussion to appropriation bills, soldier relief, bridge notes, Red river and school land appropriations, both branches seemed anxious to live up to their interpretations of the executive's wishes.

The senate which got bills were introduced had taken to action Friday relative to weeding out bills upon which points of order had been raised as to the validity of their introduction in conformity with the executive's recommendations. Further work from the governor and the senate of technicalities is attributed as reasons for senate delay in getting upon the floor of the bills introduced to that body.

On the second day Speaker Schwabe of the house gave out his committees and stated that all bills which called for building appropriations or appropriations not strictly of a deficiency nature would be "weeded out" of consideration by the lower house. This decision was received by a few members stating that he was slipping considerably too close. This action alone cut off practically two-thirds of the bills introduced by the house, totaling approximately $1,700,000.

Principal appropriations of $237,000 for the University of Oklahoma, $1,000,000 for the A. & M. college, $300,000 for the Panhandle A. & M. college, and $100,000 for the expense of the Soldiers' Relief Commission passed by the senate, is a record for rapid passage of appropriation measures. The senate committee on appropriations also made a report on the general appropriation bill, which Senator Johnson, its chairman said had been cut down more than $6,000,000. The senate passed three appropriation bills, one for $120,000 for the purchase of highway bonds, $277,000 for the state university and $67,000 in deficiencies.

Soldier relief measures, calling for an appropriation of approximately $1,500,000, have been favorably reported out of the house committee on relief. This sum is contained in three bills all sponsored by the American Legion. One calls for an appropriation of $434,700, another $823,965, and a third $500,000. These relate to a soldier relief commission erection of a tubercular sanitorium and a general and vocational hospital.

Speedy action on these measures, as well as the larger appropriation bills, is expected. A bill similar to the one introduced in the regular session, authorizing a bond issue of $25,000,000 as a soldier relief bonus was introduced but was stricken from the calendar upon the point that it was not pertinent to the relief legislation recommended by the governor.

A resolution by Representative Tylee, republican, calling for a statement from the board of affairs for its alleged "propaganda in circulating the report that the capitol lights and elevators had been cut off for the last two weeks because the legislature had made no appropriation for maintenance," was the only report of an investigative nature adopted during the week. Conclusions disclosed that the board had made an error in arriving at its estimates and the correction was noted that it was no lack of appropriation by the legislature that caused the action.

The only changes made in organizations in either branch as a result of change in membership of the house appropriations committee, and an overhauling of the leadership in the senate minority. Senator Clark was made republican caucus chairman to succeed Senator Briggs, resigned as such, and Senator Brown was made republican floor leader, to succeed Senator Sherman, relieved. Speaker Schwabe, at the time of announcing committee organizations, also said there would be a change in the make-up of the house investigations committee, but this has not yet been done.

Governor Robertson, although having made no public statement as to his opinion on the action of the legislature thus far, has intimated in private sources that the progress on the face of things has been very well, but that he was desirous of seeing some appropriation bills passed that would grant some of the state institutions needed buildings. He has refused thus far, to commit himself as to making a supplementary message to include such appropriation bills, declared that "he was reluctant to do so as he did not want to leave any ipression that he was throwing down the bars to all building appropriation bills, as there would be many introduced that the state does not want."

Providing that the governor upholds the attitude taken by the house in its interpretation of his message, followers here are predicting that the extra session will stand adjourned in two weks. This assumption is back up with a declaration that there is a spirit of accord existing between the two branches and that there is a working agreement present that will break down the deadlock which caused the adjournment of the regular session, minus appropriations.

Twenty-six of the bills introduced during the week found their way into the house hopper on the first day, 10 on the second and 5 on the third. No bills were introduced on the fourth day. In the senate, 23 were introduced the first day, 7 the second, 3 the third and 2 the fourth.

IS JACK DEMPSEY IN POOR SHAPE FOR HIS BOUT WITH CARPENTIER? PHOTOS ANSWER

These photos, taken at Freddy Welsh's health farm at Summit, N. J., where Jack Dempsey has started training for his battle with Georges Carpentier July 2, give the boxing fans better info than columns of discussion as to the shape Jack is in as he begins to tune up for the mill. Dempsey doesn't seem to have much superfluous flesh. Whether he has the strength he had when he tackled Willard only a real battle will disclose.

Two interesting glimpses of Jack Dempsey during a workout recently.

An engineer and fireman on a transcontinental train left their engine recently to rescue from a burning farmhouse near Cochrane, Ontario, an invalid mother and her son. The boy jumped from the second story into their arms.

Why Chalmers knows *The* NEW EDISON gives his true voice

BECAUSE he has *compared* his voice with its RE-CREATION by the New Edison. Because thousands of people have heard this comparison. Because no one distinguished any difference between his living voice and his RE-CREATED voice.

Don't take the statement of an artist that a phonograph gives his true voice. See whether that phonograph can sustain the comparison-test. If it can't, you know that such phonograph *does not* give you the artist's true voice, but merely a mechanical version of its own. Think about these things! Then remember that the New Edison *does sustain* the comparison test, that it is the *only* phonograph which sustains the comparison test; and that we are always glad to prove this to you.

If you love music, your credit is good here. You can arrange your payments on a gentleman's agreement.

A. O. U. W.—Lodge No. 40 meets first and third Tuesday nights of each month at Ada Business College.—J. B. Emory, secretary.

DELEGATES FROM MANY STATES TO CONVENTION

OKLAHOMA CITY, May 3.—Approximately 500 delegates from the states of Texas, Kansas, Nebraska, Louisiana, Arkansas, New Mexico and Oklahoma have registered for attendance at the South Waterworks association convention which will be held here May 9, 10, 11 and 12, Joe H. Patterson, commissioner of public property and vice-president of the Association, announced here today.

The delegates include mayors, commissioners and water superintendents of more than a hundred cities in the foregoing states, Mr. Patterson said.

Gov. J. B. A. Robertson of Oklahoma will deliver the opening address before the convention. One day will be given over to the inspection of Oklahoma City's water supply lake west of the city, while another day will be spent at the plant at El Reno, about 30 miles west of here. The president of the local automobile association has promised to supply 100 automobiles for the trip there.

A feature of the convention will be a large factory display of new types of waterworks equipment. Officers of prominent construction and waterworks plants in various parts of the country will be present to outline operations, according to Mr. Patterson.

A women's entertainment committee has also been named and is busy preparing elaborate entertainment features for the wives of the delegates who have been invited and are expected to attend the meeting.

Pure, nourishing blood makes healthy flesh, good muscles and a strong vitality. The reverse is the case when the blood is poor. To drive out impurities and enrich the blood take Prickly Ash Bitters. It is a most efficient blood purifier and system regulator for men. Price $1.25 per bottle. Gwin-Mays Drug Co., Special Agents.

WILL ISSUE MANY FIRE PERMITS ON NEW LAND

DULUTH, Minn., May 4.—Members of the state forest service in the Northwestern Minnesota division, under the direction of District supervisor Henry G. Webber of Duluth, are preparing for a record season in issuing burning permits to settlers and others who expect to set fire on newly cleared land and other plots.

A state law, passed at the special session of the legislature in September, 1919, requires a permit before fires may be started legally "after snow has left the forests."

To expedite issuance of these permits supervisor Webber, through his staff of seven district rangers, has deputized one township officer in every organized township. They will be known as township fire wardens.

Last year, more than 50,000 permits were issued in the state. This number, Mr. Webber said, was augmented by necessity for more than one permit to be issued for one fire. He explained this point by stating that permits were usually good for only a few days, at the end of which time renewal was necessary.

During 1920, fifty arrests were made by the department for failure to abide by the burning permit law. Leniency was granted a majority of these cases when the accused pleaded ignorance of the new statute. The state department intends to rigidly enforce the law this year, the supervisor asserted.

NO BOOM, BUT A MAGIC DEVELOPMENT

DISARMAMENT COMES TO THE FORE TODAY

(By the Associated Press.)

WASHINGTON, May 4.—An impending fight in the senate against the administration's desire to defer consideration of national disarmament proposals was forecast today by the re-introduction by Senator Borah, republican of Idaho, of his resolution "to authorize and request" the president to call representatives of Great Britain and Japan into a disarmament conference.

Senator Borah also filed a motion to suspend the senate rule in an effort to pave the way for early consideration of his measure. He and other disarmament advocates plan to press the issue.

President Harding is known to have communicated with leaders in both the senate and the house his desire that action on disarmament proposls be deferred because of the present state of international relations.

HEARINGS ARE RESUMED IN STILLMAN CASE

(By the Associated Press)

NEW YORK, May 4.—James A. Stillman, who yesterday resigned the presidency of the National City Bank, today resumed, in the first of a series of secret hearings, his fight for a divorce from Mrs. Annie U. Stillman.

It was said at the outset of the hearing that was being held before referee Daniel Gleason, that the presentation of evidence would require at least three days.

Several French Canadians from Three Rivers, Quebec, site of the Stillman summer camp, are here for the hearing. In this connection it was said that Stillman would produce testimony to support his contention that his wife is the mother of a male child by their former Indian servant and guide, Fred Beauvais. In addition it was reported further charges of alleged misconduct would be preferred against Mrs. Stillman.

No Land in State Can Be Owned by Alien Is Ruling

(By the Associated Press)

OKLAHOMA CITY, Okla., May 4.—No alien or person who is not a citizen of the United States can acquire title to or own land in Oklahoma, according to an opinion handed down by the attorney general.

The constitution of the state is quoted as providing that aliens shall have and enjoy such rights as to personal property as are, or shall be, accorded a citizen of the United States under the laws of the nation, to which such alien citizen belongs, or by the treaties of such nation with the United States.

"Our law further provides that aliens who take up bona fide residence in the state shall have the right to hold and acquire lands upon the same terms as our citizens during the continuance of such bona fide residence," the opinion reads. "Upon the termination of such a residence they shall have 5 years in which to alienate such lands, which will escheat to the state upon failure to so alienate to some person where lands are acquired by inheritance."

The privilege of citizenship relative to occupation, securing of licenses and education, subject to the laws of the state, will be allowed such a resident so long as they are bona fide residents, according to the opinion. The same provisions for naturalization apply in this state as in all other states in the union, it says.

ATTORNEY ASKS DISMISSAL OF CRIMINAL CASES

(By the Associated Press)

MEMEPHIS, Tenn., May 4.—Admitting that the state had "failed with its stringent case," Samuel O. Bates, county attroney general, today filed motions in criminal court asking that charges of receiving stolen property against W. B. Huntley, Jr., H. Digs Nolen, E. E. Priddy, Morise Joseph, James M. Vardman and John E. McCall, Memphis men, for the alleged marketing here of liberty bonds, which the state charged were stolen in a Brooklyn holdup last November, be either dismissed or nolle prossed.

PROSPECTS NOT BRIGHT IN THE SHIPPING MATTER

(By the Associated Press.)

WASHINGTON, May 4.—Prospects for an immediate settlement of the shipping wage controversy were said to be anything but bright after a conference today between secretary Davis and Hoover and representatives of the shipping board and steamship owners. Mr. Davis however had not given up hope and arranged to meet later in the day with spokesmen for the union.

Shipmen were reported to have refused to yield on wage cuts and other questions. It was said also that the shipping board would insist on the fifteen percent reduction ordered by chairman Benson last Saturday.

WINS "A. B." AT 13: NOW AT TWENTY WILL GET PH. D.

Miss Esther Lee Gould.

At twenty Miss Esther Lee Gould of Grand Pre, Canada, is a candidate for a Ph. D. degree at Columbia University. She entered college at thirteen. In 1918 she received her A. B. diploma and in 1919 received the M. A. degree. She has found time to be popular as a dancer dress modishly and become proficient in swimming, canoeing and other sports.

Senior Day at High School Is Observed by Many Students

Senior Day at the Ada high school this year was a great affair for the students and they have carried out their plans without a hitch. Beginning this morning they had charge of the ceremonies at chapel and entertained with a program consisting of a vocal solo, the class song and the class oration. They then adjourned to the campus accompanied by the entire school where after an excellent speech by Don Evans, president of the class, the class ivy was planted. However the material for the bridge which was to be built by the seniors on the campus did not arrive in time, so they went to the city lake for a picnic under the chaperonage of the sponsors instead.

It has been voted by all that the seniors have had a bigger and better day than any class before them has enjoyed. The weather and all circumstances were with them and they made the most of it. The senior class is a credit to the school and is also the largest in history.

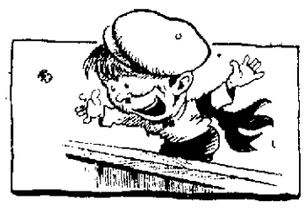

Merry Makers Are Many at Carnival at Second Showing

The crowds were large and the merriment great at the big Greater Alamo shows in the second exhibition here yesterday afternoon and night. Those who were there Monday night came back and brought their friends and all were lost in an effort to enjoy themselves to the utmost and succeeded.

The principal attractions were all patronized and the local American Legion boys are well pleased with the large number of people who are being attracted by the carnival, unanimously voted by all to be the best ever to visit the city. Their shows are better each night and those who go will not only be assured of a good wholesome time, but will be assisting the Legion boys in raising money for their long needed home. The carnival will be here and those who do not partake of its joys will regret it after it is too late.

SINGLES IN JINGLES

"Oh, teacher! Say, teacher! Dear teacher!"
How Tommy O'Toole did beseacher.

"My grandma is dead.
If it's sunny," he said,
"Can I mourn from a seat in the bleacher?"

WOMEN'S QUARTERS AT PEN BECOMING CROWDED

(By the Associated Press)

McALESTER, Okla., May 4.—Forbidden to the general visitor at the Oklahoma State Penitentiary here, there stands a building a few feet outside the east walls of the institution designated as the female ward for women inmates. The building is small, heavily barred, cramped in its endeavor, but under the limited allowances of its superintendent, Mrs. W. C. Kendall, the output of this ward keeps practically the entire institution in shirts, overalls and rough hospital linen.

Recently there were 43 women in the ward, white, negro and Indian, all working together. Some of them are lodged for limited terms while there are a few who have long sentences. The attempt is made to segregate as much as possible the different races, but quarters have become so congested that today the inmates are compelled to sleep as well as work in the same compartments.

No woman sentenced to the penitentiary is confined with in the walls of the penitentiary itself—unless she be of a violent or extraordinarily dangerous nature, prison officials explained. Such characters are usually transferred to one of the hospitals in the state. But one inmate was confined in a cell shortly before the middle of the month.

The same curriculum that is applied within the institution proper, however, is carried out in this ward. Immediately off the second tier of cells the sewing machines, electrically operated, are installed, and on the reverse side the finishing work is carried out. The narrow open space on the ground floor is used as the wash, drying and exercising room. The women work regulation hours.

The sleeping quarters, arranged in two tiers in the center of the building, are topped with individual cells on the third floor. In these cells the more serious cases are confined, while on the first and second floors the cells are as one, with the beds arranged in tier fashion.

On the south side of the building, on the ground floor, the reception room, kitchen and two dining rooms are located. The dining rooms, one seating 7, for negro women, and the other 15 for white women, are too small to provide ample space for one sitting. On the floor above is located the ward hospital, three rooms for white women and one for negro women. Health conditions are such, according to Mrs. Kendall, that the hospital is not frequently used, despite crowded conditions.

"One cannot help but notice or compare," Mrs. Kendall says, "that one who visits the main institution and finds all the comforts and modern conveniences possible, comes in here and gathers the impression that women inmates of the penitentiary are not properly cared for. This is true in many respects, we are handicapped due to congestion and lack of space for facilities that would go better toward ward achievement but on the other hand the inmates' morale is good, taking the situation with very good grace."

A bill has been introduced in the legislature asking an appropriation of $50,000 for the erection of a fire-proof women's building. The bill provides that convict labor and material shall be used in the construction of the building.

"WALK UP, TALK UP, SHUT UP" IS RULE HAYS IS PRACTISING

WASHINGTON, MAY 4. Postmaster General Hays has hung his office latch string out in fact. The word "private" has vanished from the door and you just walk in when you want to see him.

Inside you'll find a huge room with Mr. Hays at his desk in one corner and a lot of chairs scattered around. Mr. Hays will hand you his engagement list for the day and you can see for yourself how he's fixed for time, pick out your own slice of any nt already appropriated and then camp in a chair across the room until your time comes.

Conferences are held in sight, if not within actual hearing, of everybody in the room and there is no usher, secretary, confidential clerk messenger or other functionary to deal with.

MARVIN RENAMED WEATHER CHIEF

Charles E. Marvin.

President Harding has again rewarded merit in the government service by reappointing as chief of the U. S. weather bureau Charles E. Marvin.

HER SUFFERING OF LIFETIME IS ENDED

"From childhood until I got Tanlac, I suffered from indigestion and stomach trouble," said Mrs. J. A. Burrington, 540 Stanford Ave., Los Angeles, Calif., "and that's been a long time, for I'm now in my sixty-eighth year.

MRS. J. A. BURRINGTON
Los Angeles, Calif.

"I remember when I was a child I was kept on a strict diet of lime water and milk for weeks and I have been in constant distress all those years. I suffered terribly from bloating and had to be very careful of what I ate. I became so weak and nervous I could hardly go about my housework and was in a miserable condition.

"About two years ago my husband got such splendid results from Tanlac he insisted on my taking it and the medicine wasn't but a little while in ridding me of my troubles. It gave me a splendid appetite and I could enjoy a good hearty meal, even things I hadn't dared touch before, without any fear of it troubling me.

"Then I had the influenza and became dreadfully sick and weak, but my stomach kept in good order and it only took four bottles of Tanlac to build me up again to where I'm now feeling better than at any time I can remember. I have gained eleven pounds in weight, too, and words can't express the gratitude I feel toward Tanlac. I keep Tanlac in the house all the time now, for I know it is a medicine that can be depended upon."

THE RESURRECTION OF THE DEAD SOON; MILLIONS NOW LIVING NEED NEVER DIE!

A free lecture in the Court House May 4, 8:00 p. m. E. F. Crist of Brooklyn, N. Y., will prove conclusively, from Bibical prophecies of recent fulfillment, that the resurrection of the dead will begin shortly and that there are millions of people now living on the earth who need never pass into the tomb. No matter what your present views are on this subject, you should by all means hear this lecture.
